Miss Valentine Prichard,  
Portland Free Dispensary,  
274 Fourth Street,  
Portland, Oregon.

Dear Miss Prichard:

Thank you for your letter of March 7th and I shall <sup>act</sup> ~~like~~ upon your suggestion to occasionally appear at the Dispensary for personal consultation.

It does seem that we ought to be able to hit upon some plan for furnishing glasses for the needy poor. I wonder whether if the matter were brought to the attention of some of the charitably-minded organizations, like the Kiwanis or the Rotarians or any of the numerous others of the type, some plan might not be worked out for them to undertake this charity. Let's keep it in mind and see what we can do.

Very sincerely yours,

FAK DD
