

2024 FACT BOOK

Oregon Health & Science University

2024 FACT BOOK

March 2025

This publication was prepared by the OHSU Office of Institutional Research and Effectiveness using a variety of data sources maintained by other offices in the University. Cover photo by Aaron Bieleck, EdCOMM Photography.

The purpose of this document is to provide data about academic programs, students, faculty and staff, and other basic information to the OHSU community and public.

Information requests should be directed to:

Elias Cohen
Assistant Vice Provost for Institutional Research and Effectiveness
Oregon Health & Science University

INTRODUCTION

OHSU Organization

OHSU Mission

Oregon Health & Science University is the state's only comprehensive public academic health center. Its fundamental purpose is to improve the health and well-being of people in Oregon and beyond. A Board of Directors nominated by the Governor and confirmed by the Oregon Senate governs the University. As part of its multifaceted mission, OHSU strives for excellence in education, research and scholarship, clinical practice and community service. Through its dynamic interdisciplinary environment, OHSU stimulates the spirit of inquiry, initiative and cooperation among students, faculty and staff.

Setting the example for integrity, compassion and leadership, OHSU strives to:

- Educate tomorrow's health professionals, scientists, engineers and managers in top-tier programs that prepare them for a lifetime of learning, leadership and contribution.
- Explore new basic, clinical and applied research frontiers in health and biomedical sciences, environmental and biomedical engineering and information sciences, and translate these discoveries, wherever possible, into applications in the health and commercial sectors.
- Deliver excellence in healthcare, emphasizing the creation and implementation of new knowledge and cutting-edge technologies.
- Lead and advocate for programs that improve health for all Oregonians, and extend OHSU's education, research and health care missions through community service, partnerships and outreach.

OHSU 2025

OHSU 2025, OHSU's strategic plan, is built around our vision:

OHSU will partner to be a leader in health and science innovation for the purpose of improving the health and well-being of people in Oregon and beyond.

OHSU 2025 provides a road map to help guide the University to where it wants to be in year 2025. The plan aims to deliver breakthroughs for better health through its six goals:

1. Building a diverse, equitable environment where all can thrive and excel.
2. Being the destination for transformational learning.
3. Enhancing health and health care in every community.
4. Discovering and innovating to advance science and optimize health worldwide.
5. Partnering with communities for a better world.
6. Ensuring a sustainable foundational infrastructure.

These goals span OHSU's missions, supported by objectives that are focused on identifying new ways to understand disease, treat illness and train the next generation of scientists and health professionals. They begin with our commitment to listen to what communities — across Oregon and around the world — need from OHSU, and end with our commitment to the people who will respond to those needs and make this work a reality.

OHSU 2025 reflects not only the breadth and complexity of the state's only academic health center but also the challenges in health and science that OHSU must address. OHSU's scale and scope, our profound connection to Oregonians and our decades of experience at the leading edge of innovation have already laid the foundation for this plan's success.

OHSU 2025 was developed from the ground up. More than 5,000 OHSU members contributed to the plan, providing input on OHSU's future picture, shaping the plan's goals and developing detail around its objectives and tactics.

The process that created the plan — and will carry through its implementation — speaks volumes about what makes it unique: It is a strategic plan that is not only for, but by, OHSU. It outlines the work to which OHSU is uniquely suited, designed by the people who make us unique. The OHSU community can follow the plan, changes, and updates at www.ohsu.edu/about/strategic-plan.

OHSU Board of Directors

Chad Paulson, Chair
General Counsel at Powin Energy

Chad Paulson is a graduate of the University of Oregon School of Law and holds an undergraduate degree from Oregon State University. He has more than 20 years of legal experience, starting as a commercial litigation associate at Miller Nash in 1998, and practicing in-house for PacifiCorp, a public utility and Blount International, Inc., a global manufacturing company.

Paulson is currently the General Counsel at Powin Energy. He has managed domestic and international mergers and acquisitions, acted as corporate secretary for a publicly traded company, actively engaged and advised regarding strategic planning, and has developed and implemented compliance and governance programs.

James A. Carlson, Vice Chair

James Carlson, who served as CEO of OHCA since 1997, retired from this position at the end 2020. He continues to be engaged with OHCA as a strategic adviser. With over 30 years of experience in health policy and association management, he is widely recognized as one of the leading long-term care and health policy resources in Oregon.

For more than three decades, Carlson has worked closely with local, state and federal policymakers; advocates; businesses; and coalitions to enhance access to quality care and services in Oregon.

Before first joining OHCA as director of government affairs in 1994, Carlson served as associate director of government affairs for the Oregon Medical Association. He began his career as a legislative assistant for the U.S. House of Representatives.

He is a past member of the boards of directors of the American Health Care Association/National Center for Assisted Living (AHCA/NCAL) and is a past-president of the American Society of Health Care Association Executives (ASHCAE).

Steve Stadum, J.D.
Interim President, OHSU

Steve Stadum is interim president of Oregon Health & Science University. He was appointed by the OHSU board of directors Nov. 4, 2024.

Before joining OHSU in 1999, Stadum served as the first managing partner of Ater Wynne, a 65-attorney Pacific Northwest law firm.

During his previous tenure at OHSU, Stadum served in several leadership roles, including general counsel, chief administration officer and corporate secretary, executive vice president, and chief operating officer for the Knight Cancer Institute

He established the university's regulatory compliance program, drafting the Code of Conduct and hiring OHSU's first integrity officer. He co-led the Portland Aerial Tram Project, the build-out of OHSU's new campus on South Waterfront, the team that directed the 2002 Oregon Opportunity legislative initiative and the fundraising campaign at the OHSU Knight Cancer Institute to raise \$1 billion for cancer research within two years.

Stadum left OHSU in 2016 for a series of leadership roles at the Fred Hutchinson Cancer Center in Seattle, Washington. In the past eight years, he held the positions of executive vice president and chief operating officer, chief integration officer, and, lastly, special adviser to the director; he retired from Fred Hutch in September 2024.

During his time with Fred Hutch, he was responsible for long-term clinical planning and strategic growth initiatives, including leading a team in a multi-year restructuring of cancer programs among Fred Hutch, UW Medicine, Seattle Children's and Seattle Cancer Care Alliance.

Ruth Beyer, J.D.
Senior Vice President and General Counsel, Precision Castparts Corp.

Ruth Beyer has been Senior Vice President and General Counsel of Precision Castparts Corp. since April 1, 2013. Prior to that, she was Principal in the Portland office at Stoel Rives LLP and served as the Managing Partner from 1995 to 2005.

Beyer serves as chair of the Board of Regents of the OSU Honors College and is the co-founder of the OSU Women's Giving Circle. She has been a member of the Board of Directors of Morrison Center since 2006. Beyer is a recipient of the Award of Merit from the Multnomah Bar Association.

Claire Irvan

Claire Irvan has been employed at OHSU for over 21 years. She is a financial coordinator for the Adult and Pediatric Bone Marrow Transplant and CAR-T program. Her role is responsible for establishing global case rates for transplant, helping to secure single case agreements for CAR-T, and ensuring services have been authorized by insurance companies.

Calvin A. Jara
Medical Student, OHSU

Calvin Jara is a fourth-year medical student at OHSU. He pursued undergraduate study at Boston College and further graduate study at Hunter College.

Before medical school, he began his career in medicine and public health at the Icahn School of Medicine at Mount Sinai, contributing to multiple NIH-funded research studies on environmental health, epigenetics and child development.

At OHSU, Jara has served on student council and has been actively involved in longstanding mentorship for students interested in health care careers and community outreach programs.

Susan King, M.S., RN, CEN, FAAN
Emergency Staff Nurse
Former Executive Director of the Oregon Nurses Association

Susan King is a lifelong resident of Portland, Oregon. She has invested in both a professional nursing career as a clinician, administrator, lobbyist, health policy adviser and advocate — as well as a community activist on civic issues such as housing, neighborhood preservation and development, and election of leaders at the city, local, state and national level.

She is a graduate of the University of Oregon School of Nursing and holds a master's degree in nursing from OHSU. In 2011, she was inducted into the American Academy of Nursing for her work on authority for nurse practitioners.

Her career in nursing has included delivering care to patients and families, and help shaping health care delivery and policy at the state and national level. She has experience holding regulatory and policy positions within Oregon as well as nationally.

From 1989 to 2017, King led the Oregon Nurses Association focused on the nursing workforce, promoting authority for nurse practitioners and clinical nurse specialists, addressing standards for hospital staffing and improving access to care for all.

King currently practices as a staff RN in a large Portland area emergency department.

Wayne Monfries
Senior Vice President, Global Tax at Visa

Wayne Monfries is senior vice president, Global Tax at Visa. Monfries joined Visa in April 2020. He previously was VP, Global Tax at TransUnion in Chicago, and prior to that served as VP & Chief Tax Officer for Nike in Portland, Oregon. A graduate of Georgetown University, he began his career in public accounting with PwC in Washington, D.C., before moving on to work for food manufacturer, Mars, Inc., in New Jersey and London, England, where he held various roles in tax and finance.

Maria I. Rodriguez, M.D., M.P.H.

Maria Rodriguez is a professor of obstetrics and gynecology, and the medical director for Oregon's Reproductive Health Program. She is the director for the Center for Women's Health and Center for Reproductive Health Equity.

She completed medical school and residency at OHSU (2004, 2008), a fellowship in family planning at UCSF (2010), and an M.P.H. at UC Berkeley (2010). Following her fellowship, she spent five years working for the Department of Reproductive Health and Research at the World Health Organization in Geneva, Switzerland. She serves as chair of Oregon's Maternal Mortality Review Committee and as co-chair on the Medicaid Advisory Committee.

Dr. Rodriguez provides OB/GYN care at the Center for Women's Health and is a physician-scientist. Her research focuses on the intersection of reproductive health, policy and economics.

Sue Steward
Cow Creek Band of Umpqua Tribe of Indians Citizen and Tribal Board Member

Sue Steward currently serves the 43 tribes of the Northwest as the Deputy Director at the Northwest Portland Area Indian Health Board (NPAIHB). She served NPAIHB from 2018 through 2020 as the CHAP Project Director. Before that, she served a small Alaska Tribal Health Organization as a federally certified, primary midlevel provider from 2000 to 2018, and as the Community Health Aide Program (CHAP) Director from 2008 to 2018.

Her education includes a B.S. in health administration and a graduate degree in health leadership. She served as the Alaska CHAP Directors Association Chair for four years and the Vice Chair for three years and also served on the Alaska Area CHAP Certification Board for two years.

In 2005, Steward was a recipient of the IHS Director's Award for her contributions to the revised Alaska Community Health Aide Manual. She currently serves as the Cow Creek delegate to the Affiliated Tribes of Northwest Indians (ATNI) and to the National Congress of American Indians (NCAI).

She is grateful for the many experiences she has enjoyed in her professional career. Her husband of 40 years is her best friend and a great support. Their two sons have rich experience with the Navy, Air Force, and Alaska Militia and volunteer firemen. Their oldest now serves their tribe as the Cultural Coordinator and is completing his B.S. in Indigenous studies. Their youngest son is an Alaska Air National Guard Staff Sergeant, 4N031/Aerospace Medical Technician and works in the local hospital as an ER tech. He is currently completing his B.S. in homeland security/emergency management.

Steve Zika
CEO of Hampton Lumber

Steve Zika is the CEO of Hampton Lumber, a family-owned forest products business headquartered in Portland, Oregon, employing about 1,600 people primarily in Washington, Oregon and British Columbia.

Hampton owns approximately 118,000 acres of U.S. timberland, managed on a sustainable basis, certified through the Sustainable Forestry Initiative (SFI), and also manages 120,000 hectares of provincial timberland in British Columbia. The company owns nine sawmills in Oregon, Washington and British Columbia.

The company also has wholesale and distribution operations that deliver building products to customers all over the world, including its own lumber production and another 2 billion board feet of outside lumber and panels. Hampton's vision is to grow the company globally using safe and sustainable business practices to benefit its customers and communities. Hampton enthusiastically educates the public on the value of sustainable forestry.

ACCREDITATION

OHSU Accreditation

Institutional Accreditation

Oregon Health & Science University has received continuous institutional accreditation by the Northwest Commission on Colleges and Universities (NWCCU) since 1980. OHSU is authorized to offer associate, baccalaureate, masters, professional practice doctoral and research doctoral degrees, as well as graduate certificates. The last NWCCU accreditation visit occurred in October 2022. The next required accreditation action will be the submission of a Mid-Cycle Report that is due in the Fall of 2025, with a peer site visit.

Accreditation of an institution of higher education by NWCCU indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited university is one that has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

NWCCU accreditation is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend OHSU.

Institutions accredited by NWCCU are required to examine their own missions, goals, operations, achievements, and effectiveness. Since the institution is reviewed by NWCCU on a regular, ongoing cycle, continued self-study, reflection, assessment and improvement is necessary for OHSU to ensure compliance with accreditation standards.

Specialized Accreditation

Specialized accreditation is a type of accreditation status that is designated for specialized academic programs within an institution of higher education that have already been awarded institutional accreditation. Specialized accreditation focuses on specific aspects of the program's academic field of study.

Currently, OHSU has 37 academic fields of study with specialized accreditation from 18 different specialized accrediting agencies. For a complete list of all of the accredited programs and their respective specialized accreditation agency, see the OHSU Inventory of Specialized Accreditation and Reporting Timeline Table on pages 2-4.

Underrepresented in Medicine										14.4%

Note: House officers include interns, residents and fellows. Figures represent only ACGME-accredited residency and fellowship programs in the School of Medicine, as of 12/20/2024. This data historically represents a Fall snapshot and may have changed by the end of the academic year. "Underrepresented in Medicine" includes the following groups: American Indian/Alaska Native, Black/African American, Hispanic/Latino, and Native Hawaiian/Pacific Islander. "Percentage of All Officers" includes all officers in the denominator consistent with IPEDS reporting. "Percentage of Officers with Reported Race/Ethnicity" excludes "Other/Unknown/Prefer not to report" from denominators. Source: OHSU Graduate Medical Education ACGME ADS (2024-2025), OHSU Graduate Medical Education MedHub (2015-2024). The historical data source combined Asian and Pacific Islander groups into a single category. Beginning in 2024 these groups have been disaggregated. This disaggregation allows the display of the combined "Underrepresented in Medicine" summary category.

DEGREES AWARDED

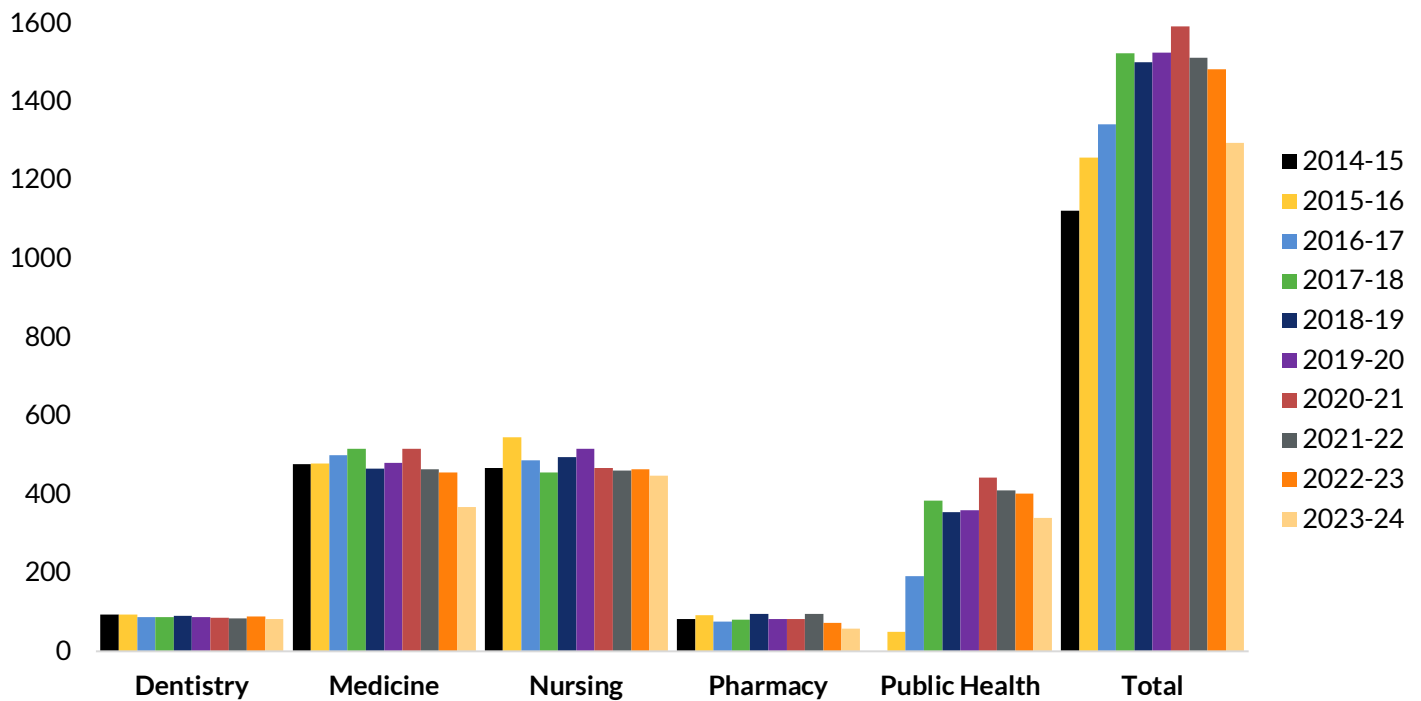

Degrees and Certificates Awarded by School 2014-15 through 2023-24

	Dentistry	Medicine	Nursing	Pharmacy	Public Health	Total
2014-15	94	477	467	83	-	1121
2015-16	93	478	545	92	49	1257
2016-17	87	500	486	76	192	1341
2017-18	87	515	456	81	384	1523
2018-19	91	465	494	95	355	1500
2019-20	87	480	515	83	360	1525
2020-21	85	516	466	82	442	1591
2021-22	84	464	460	95	409	1512
2022-23	89	455	463	73	402	1482
2023-24	82	368	448	58	339	1295

Note: Data represent degrees and certificates awarded in Summer through Spring of each academic year. These totals may differ from data included in IPEDS reporting, as IPEDS requires reporting based on specific dates (July 1 through June 30) which do not correspond to the academic year. Programs were moved into the School of Public Health in 2015-16.

Note: The professional exams are reported by calendar year for DMD and BS Nursing students. The professional exams are reported by academic year for MD (Step 2 exam), PharmD, and Radiation Therapy students. The OHSU Annual Data for Human Nutrition exams reflect the percentage of graduates who took the exam in that year – not necessarily the cohort who graduated that year. For example, the 2021 total number includes 2021 graduates, but may also include graduates from the previous year(s) who deferred taking the exam. Source: Annual school-level reports. * 2019-2023 Revised Data.

KEY PERFORMANCE MEASURES

Key Performance Measures for Oregon Legislature

1) **DMD Access:** Percent of entering cohort who are in-state DMD students

3) **Nursing Access:** Percent of entering cohort who are in-state nursing students

2) **MD Access:** Percent of entering cohort who are in-state MD students

4) **Nursing Completion:** Percent of nursing student cohorts completing bachelor's degrees within 150% of normal completion time

5) Degrees: Total number of degrees and certificates awarded

7) Physician Workforce: Total number of MD degrees awarded

6) Dental Workforce: Total number of DMD degrees awarded

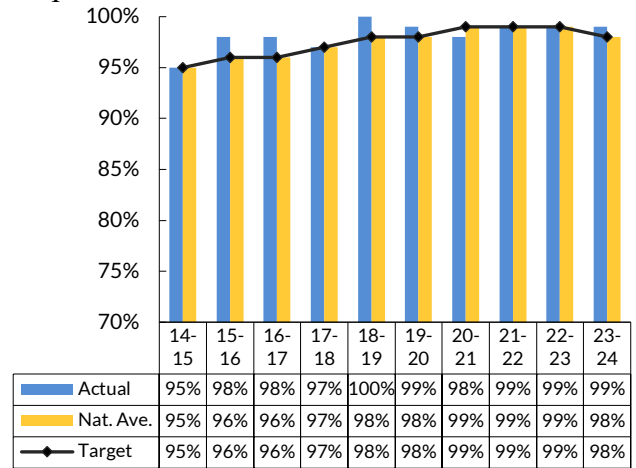

8) Nursing Workforce: Total bachelor's degrees awarded in nursing

9) Nursing Faculty: Total graduate degrees and certificates awarded in nursing

11) Professional Competence: Percent of MD students passing senior-level credentialing exams on first attempt

10) Professional Competence: Percent of DMD students passing senior-level credentialing exams on first attempt

12) Professional Competence: Percent of bachelor's level nursing students passing senior-level credentialing exams on first attempt

13) Research Productivity: Research dollars per faculty (in thousands)

15) CDRC Services: Total clinical, surgical and/or diagnostic services provided to patients

14) Oregon Poison Center: Percent of poisoning or toxic exposure cases managed at home

16) MD Clinical Rotations: Total number of medical student weeks served in rural communities

*Rotations declined in spring term 2020 due to clerkship cancellation.

17) Rural Preceptors: Total number of physicians supervising medical students in rural communities

19) Rural Health: Federal funds generated per state dollar invested in the Office of Rural Health

18) Rural Pipeline: Total number of rural K-12 students enrolled in science and healthcare education pipeline programs

Electronic Resource Use 2019 through 2023

	Database Searches*	Electronic Books and Videos	Electronic Articles	Total
2019	2,681,417	774,924	1,909,654	5,365,995
2020	2,240,590	652,691	1,746,907	4,640,188
2021	2,472,657	326,678*	1,835,729	4,308,386
2022	2,532,262	353,044	1,994,307	4,879,613
2023	2,647,280	353,005	2,081,052	5,081,337

Note: *This number went down because we are now able to include only full text views, whereas previous counts also included abstract views.

Resource Sharing among OHSU and Other Organizations 2020 through 2024

	Electronic Items from Other Organizations	Physical Items Borrowed from Other Libraries	Total Items from Other Organizations	Electronic Items Provided to Others	Physical Items Loaned through Other Libraries	Total Items Provided to Others
2020	5,351	938	6,289	12,759	570	13,329
2021	5,654	1,365	7,019	8,107	766	8,873
2022*	4,008	2,154	6,162	6,106	2,466	8,572
2023	4,403	994	5,397	6,930	971	7,901
2024	4,426	874	5,300	6,454	894	7,348

Note: In 2020, we supplied many more electronic items to other libraries impacted by interlibrary loan limitations due to the pandemic. *The physical borrowing and loaned numbers were overreported in 2022 due to a system change.

GLOSSARY

Glossary

A

Academic Health Center

Provides the classification of OHSU as an accredited, degree-granting institution of higher education that educates a wide variety of health care professionals, offers comprehensive basic and advanced patient care, and conducts a broad spectrum of biomedical and health services research. AHCs must include: an allopathic or osteopathic school of medicine; at least one other health professions school or program (such as allied health, dentistry, graduate studies, nursing, pharmacy, public health, and veterinary medicine); and, one or more owned or affiliated teaching hospitals, health systems or other organized health care services.

Academic Year

The year beginning with summer term and ending with spring term. For example, academic year 2023-24 begins with summer term 2023 and ends with spring term 2024.

Adjusted Census Day

Adjusted census day = (gross patient revenue / inpatient revenue) * census day. See Census Day.

Admitted Student

Student who has been offered admission into an OHSU academic degree or certificate program.

AFSCME

OHSU employees represented by Local 328 of the American Federation of State, County and Municipal Employees (AFSCME). AFSCME-represented positions range from pharmacists, certified nursing assistants to business data analysts, laboratory animal technicians and administrative assistants.

Applied Student

Student who has submitted an application for admission into an OHSU academic degree or certificate program.

Ambulatory Visits

Medical care including diagnosis, observation, treatment and rehabilitation that is provided on an outpatient basis including virtual and telephone visits. Ambulatory care is given to persons who are able to ambulate or walk about. A well-baby visit is considered ambulatory care even though the baby may not yet be walking.

C

Census Day

The number of days that inpatients (excluding newborns in the nursery) are hospitalized. Census days are based on a snapshot of inpatients in bed at midnight in nursing units defined as census units.

Certificate

An academic award, distinct from a degree, certifying the satisfactory completion of an academic instructional program or course of study. OHSU awards graduate certificates and post-doctoral certificates.

Consumer Price Index (CPI)

The Consumer Price Index (CPI) is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. The CPI and its components may be used to adjust other economic series for price changes and to translate these series into inflation-free dollars.

D

Day patient

Patients undergoing an ambulatory surgery or procedure who are expected to be discharged with fewer than two midnights of hospital care (e.g. same day discharge or routine overnight recovery).

Dental Admission Test (DAT) Score

Average score of admitted students in a given year on the admission test for dental school, the Dental Admission Test administered by the American Dental Association (ADA).

Degree

An academic title conferred by a university to a student who has successfully completed a specified instructional program of study. OHSU awards associate's degrees, bachelor's degrees, master's degrees and doctoral degrees.

Discharge

A person who was formally admitted to the hospital for inpatient care in accordance with a physician's order, with the expectation of remaining overnight or longer, and who is discharged under one of the following circumstances: (1) is formally discharged from care of the hospital and leaves the hospital; or (2) has died.

Discharge Days

The total number of days between the inpatient admission and discharge dates for each patient (length of stay). The day of admission but not the day of discharge is counted as a discharge day (except for admission and discharge on the same day, which is counted as one discharge day).

E

Education and General Funds

The portion of the OHSU budget that is devoted to instructional and support services for students and faculty, including managerial and administrative functions needed to provide the services.

Ethnic or Racial Categories

Students

Ethnic or racial categories are self-identification items in which students choose the categories with which they most closely identify. The ethnic or racial group categories reported for OHSU students are defined by the United States Census Bureau and the Federal Office of Management and Budget (OMB). Those racial categories reported for students are listed on the federal IPEDS reports (effective Fall 2009) as: American Indian/Alaska Native; Asian; Black/African American; Native Hawaiian or Other Pacific Islander; Two or more races; and White (including people of European and Middle Eastern origins). In addition, student ethnicity is categorized as either Hispanic/Latino or Not Hispanic/Latino. Students who decline to respond are listed in the “unreported” category. These ethnic and racial categories do not include foreign students.

Employees

The ethnic or racial group categories reported for OHSU employees are defined by the United States Department of Education, Census Bureau and the Federal Office of Management and Budget (OMB): The Equal Employment Opportunity Commission of the US Department of Labor (EEO) requires employers to report various information about their employees, in particular, their racial/ethnic categories to prevent discrimination based on race/ethnicity. The racial categories include: American Indian/Alaska Native; Asian; Black or African American; Native Hawaiian or Other Pacific Islander; Two or more; and White. The ethnic categories are Hispanic/Latino or Not Hispanic/Latino. These racial and ethnic categories are self-identification data items in which employees choose the categories with which they most closely identify. These categories include employees who are not citizens of the United States but have permanent residency status or a temporary work permit or visa.

Enrollment

OHSU, like all other higher education institutions, uses several different definitions in counting enrollment. The various definitions serve different purposes: budget preparation, workload evaluation, federal reporting, single-point snapshots, and description of OHSU's provision of educational services.

Student Headcount Enrollment

Headcount enrollment represents the number of individual students enrolled in credit courses, regardless of course load. Historical enrollment has generally been expressed in terms of fall headcount. National comparisons of enrollment are most often made on the basis of fall headcount.

F

Faculty

At OHSU, the Faculty comprise three series: OHSU faculty series and ranks are designed to promote consistency of policy and practice for faculty appointments in the schools, other academic units, and free-standing research centers and institutes.

1) Professorial Series:

Assistant Professor

Associate Professor

Professor

2) Instructional Series:

Lecturer

Instructor

3) Research Series:

Research Assistant Professor

Research Associate Professor

Research Professor

Faculty Rank Modifiers:

- A. Adjunct: A prefix to academic rank for qualified individuals who may be employed by OHSU to teach part-time or intermittently but have professions or employment elsewhere.
- B. Provisional: A suffix to faculty rank of Associate Professor or Professor to denote a faculty appointment pending action by the appropriate promotion and tenure committee.
- C. Visiting: A prefix to faculty rank for individuals who are temporarily appointed to the faculty or who are on leave from another university or college.
- D. Emeritus: An honorary title for a retired faculty member recognizing distinguished past service to OHSU.

Faculty in the Clinical Series teach OHSU students/trainees in community settings on a voluntary basis. These faculty are called Clinical Series for Community-based Faculty.

Clinical Instructor

Clinical Assistant Professor
Clinical Associate Professor
Clinical Professor

Fellow (Graduate Medical Education)

An individual who has graduated medical school, completed a core residency and is pursuing further sub-specialty training.

G

Grade Point Average (GPA)

Average grade based on a pre-defined scale (for example 0 to 4 points, where A=4, B=3, C=2, D=1, F=0). The undergraduate GPA is one factor used in student application and admissions processes.

Graduation Rate

Reflects the percentage of an entering cohort of students who complete a degree within a specified length of time. The common national practice used for baccalaureate completion is to report the percentage of the entering students who complete a bachelor's degree within 150% of the published time.

Graduate Record Examination (GRE)

The Graduate Record Examinations (GRE) is a standardized test that is an admissions requirement for most graduate schools in the United States. It is created and administered by Educational Testing Service.

H

Hospital Occupancy Rate

The number of inpatient hospital beds occupied in census units divided by the number of available census beds. It serves as a measure of health facility inpatient use.

House Officer (Graduate Medical Education)

Term used to describe all postgraduate trainees (individuals who have graduated medical school). The term includes interns, residents and fellows.

I

Industry Sponsored Research Agreements

An Industry-Sponsored Research Agreement (SRA) is a contract through which an industry partner funds an OHSU-initiated project. SRAs cover projects funded by industry and must be consistent with and support the academic, research and/or healthcare mission of OHSU. SRAs

typically govern the scope of work, budget, payment obligations and timing, options to license any intellectual property arising from completion of the research, publication of results, and other important items to complete a research project.

Inpatient

A patient who is admitted to a hospital as an inpatient for treatment that typically requires an overnight stay. This includes inpatient hospice stays.

Intern (Graduate Medical Education)

An individual who has graduated medical school and is in their first year of a postgraduate training program.

Invention Disclosures

Official disclosure forms received by OHSU's Office of Technology Transfer describing potential new intellectual property and/or inventions.

IPEDS

Integrated Postsecondary Education Data System, part of a series of reports collected annually by the National Center for Educational Statistics (NCES).

L

Length of Stay (LOS)

The total number of days between the inpatient admission and discharge dates for each inpatient.

License/Option Agreements

A LICENSE AGREEMENT formalizes the transfer of intellectual property between two parties, where the owner of the intellectual property (licensor) permits the other party (licensee) to share the rights to use the intellectual property. An OPTION AGREEMENT grants the potential licensee a time period during which it may evaluate the intellectual property and negotiate the terms of a LICENSE AGREEMENT. An OPTION AGREEMENT is not constituted by an Option clause in a research agreement that grants rights to future inventions, until an actual invention has occurred that is subject to that Option.

M

Medical College Admission Test (MCAT)

The Medical College Admission Test (MCAT) is required of all applicants to US Medical Schools, administered by the American Association of Medical Colleges.

N

Newborn

An infant, born alive in the hospital.

Nonresident

The fee status category of students who are assessed nonresident tuition.

O

Observation

Patients entering the hospital through the Emergency Department or as a direct admission or transfer, typically for “rule out” diagnoses or symptom management. Observation is not for overnight recovery following an ambulatory surgery or procedure.

Office Visit

A visit that includes an Evaluation and Management service that is typically charged for. Examples include office visits, consultations, and post-op appointments.

ONA

OHSU members of the Association of University Registered Nurses (AURN) of the Oregon Nurses Association (ONA). Registered nurses providing patient care in the hospital and clinic settings of OHSU are ONA-represented.

Oregon Opportunity Grant

The Oregon Opportunity Grant is a state-funded, need-based grant available to undergraduates that attend an eligible Oregon postsecondary institution and meet the income eligibility requirements. OHSU’s undergraduate Nursing and Radiation Therapy programs are eligible programs.

Outpatient

A patient who is admitted to a hospital or clinic for treatment that does not require an overnight stay.

Outpatient Visits

Includes emergency room visits, outpatient clinic visits, referred ancillary service visits, home health care contacts, and day care days, where the outpatient is treated and released the same day. Also included are outpatient ambulatory surgery visits, renal dialysis visits, observation care visits, psychiatric visits, chemical dependency visits, hospice outpatient visits, and adult day health care visits, and virtual or telephone visits.

P

Pell Grant

The Pell Grant is a federal, need-based grant available to undergraduates that attend a postsecondary institution and meet the income eligibility requirements. OHSU's undergraduate Nursing and Radiation Therapy programs are eligible programs.

R**Resident**

The fee status category of students who are assessed resident tuition.

Resident (Graduate Medical Education)

An individual who has graduated medical school and is in a postgraduate residency training program.

S**Sponsored Research Dollars**

This includes externally sponsored research activity funded by Federal and non-Federal government agencies, private and non-profit organizations. This also includes research training activities geared toward training individuals in research techniques.

T**Tuition**

The mandatory charge for instruction assessed to students for enrolling in an OHSU academic course.

U**Underrepresented Race/Ethnicity**

Any ethnic or racial group whose representation is disproportionately less in a given context relative to their numbers in the general population constitutes an underrepresented race/ethnicity group.

For students, OHSU defines underrepresented race/ethnicity based on race/ethnicity groups underrepresented in medicine, dentistry and nursing professions. Students self-identifying with at least one of the following groups are included:

American Indian or Alaska Native

Underrepresented Asian (Korean, Vietnamese)

Black or African American

Native Hawaiian or Other Pacific Islander

Two or more races (with at least one race classified as underrepresented)

Hispanic or Latino Ethnicity

U.S. Nonresident

A student who is neither a U.S. citizen nor a resident alien (i.e., permanent resident) and holds a student visa.
