Grandma's Kitchen

Visited by Miss DuBruille and Mrs. Blumauer July 13.

Visited annex housing dispensary patients and found same clean but sordid and without any supervision. No complaints from men regarding food. Also visited Grandma's Kitchen interviewing Mrs. Maus on coming Community Chest Campaign.

Mrs. Maus reports an average of 160 meals given per day, including those to the 25 dispensary patients. Also that her son-in-law and family were no longer at the kitchen.

This brief report is made as the result of complaints from Dispensary patients through Miss Pritchard.
