

February 14, 1930

Dr. E. P. Öwne,
Good Samaritan Hospital,
Portland, Oregon.

Dear Dr. Owen:

I wish to notify you that as no doctor was present to take charge of the clinic at the Dispensary on Wednesday evening, February 12, the clinic was dismissed.

This is in compliance with the instructions received from Dr. Dillehunt and is the policy observed in the Dispensary.

When it is impossible for the doctor on service to be present the doctor in charge of the department will send a substitute if he is notified in time.

I realize that doubtless this policy had not been explained to you previously.

With sincere appreciation of the service which you are giving to the Dispensary,

Very sincerely yours,
