Portland Free Dispensary,
274- 4th. St.
Portland, Ore.

Dear Friend:

Will you please inform me as to the extent of your service in other counties in the state?

Is it possible for me to send a boy 15 years of age to you for examination. This child is overly developed and very nervous. His condition has been of more or less concern during the school year and I would like for him to have a thorough examination.

Please inform me regarding the requirements for admission to your clinic.

Respectfully,

Aileen Dyert R. N.

City School Nurse.
