Miss Valentine Prichard
Portland Free Dispensary
Portland, Oregon

Dear Miss Prichard:

Miss Johnson has just called to my attention the presence in the office of the books which were so kindly given to the School of Social Work from your office.

I have only had time to glance over them, but I am familiar with many of the titles, and they are an extremely valuable addition to our equipment.

It gives me pleasure on the behalf of the University to accept this contribution. It is in keeping with the high type of cooperation from the social agencies of Portland which has made the work of the School possible.

Yours sincerely,

Philip A. Parsons
