Dear Miss Prichard:

Plans for the eleventh annual appeal for the support of fifty-three charitable and welfare agencies are being pushed forward. Our Campaign this year will be from October 13 to 24 inclusive.

You have given us some splendid cooperation in the past so once again we seek your good graces in compiling information regarding employees throughout the city.

I am asking Mr. J. G. Kilpack to call on you; I trust you will grant him a few minutes of your time.

Your courtesies are appreciated.

Cordially yours,
