Report of Luncheon Committee
Peoples Institute & Portland Free Dispensary
Community Chest Drive
(District 49)
1926.

Colonel. Mrs. Helen Fadd Corbett

The attendance of Captains & their
teams of workers, was not very large
this year at the luncheons, for
various reasons.

In some cases the Captains were
given to understand, they might
inforce their workers, they would
not be urged to go to the luncheons,
if they felt they were doing all they
could in soliciting & were not able
to be away from home for so long
a time & especially at the luncheon
hour.

A few workers objected to the
food, as being indigestible.

Some said they were not interested
in the luncheons & did not like
going to them & many very frankly
stated they did not care to work
if they were expected to attend them.

Captain Mrs. James Gillison was present at all but two luncheons, none of her eight workers attended any.

Captain Mrs. Frank A. Spencer was not present at any of the luncheons nor were any of her ⁷ workers

Captain Mrs. Jay Smith attended all but one luncheon, one of her team was present at three & four were present at one luncheon each, leaving three who did not attend any.

Captain Mrs. Frank Kerr was present at all but three luncheons. one of her team attended one, leaving five who were not present at any.

Captain Mrs. Roderick Mac Leay was present at all the luncheons but one. one of her workers attended four luncheons another two & another one, leaving three who were not present at any.
