My dear Mr.

We take pleasure in enclosing the annual report of the Portland Free Dispensary, a work which you have so generously helped to develop. Please note the growth of the work and the volume of effective charity done during the current year.

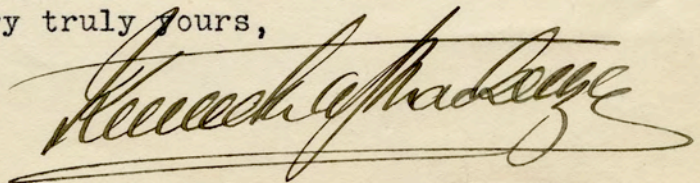

In order to accommodate the patients, it has been necessary to provide larger space, and to meet this need, three new clinic rooms, a waiting room and a laboratory have lately been fitted up and assigned to the use of the Dispensary by the Peoples Institute.

During the year, forty physicians give free service to this work, but the fund for maintenance is very limited and we therefore ask you to be kind enough to continue to assist us in this vital work of relief, which so directly aids the unfortunate individual to care for himself. We most fully appreciate the assistance which you have given us in the past, and trust you may desire to continue your interest in this necessary work.
