## OHSU Mission

Oregon Health & Science University is the state's only comprehensive public academic health center. Its fundamental purpose is to improve the health and well-being of people in Oregon and beyond. A ten-member Board of Directors nominated by the Governor and confirmed by the Oregon Senate governs the university.

As part of its multifaceted mission, OHSU strives for excellence in education, research and scholarship, clinical practice and community service. Through its dynamic interdisciplinary environment, OHSU stimulates the spirit of inquiry, initiative, and cooperation among students, faculty and staff.

Setting the example for integrity, compassion and leadership, OHSU strives to:

- Educate tomorrow's health professionals, scientists, engineers and managers in top-tier programs that prepare them for a lifetime of learning, leadership and contribution.
- Explore new basic, clinical and applied research frontiers in health and biomedical sciences, environmental and biomedical engineering and information sciences and translate these discoveries, wherever possible, into applications in the health and commercial sectors.
- Deliver excellence in healthcare, emphasizing the creation and implementation of new knowledge and cutting-edge technologies.
- Lead and advocate for programs that improve health for all Oregonians, and extend OHSU's education, research and health care missions through community service, partnerships and outreach.

## OHSU Goals

OHSU will partner to make Oregon a national leader in health and science innovation for the purpose of improving the health and well-being of all Oregonians. OHSU Vision 2020 identifies six strategic goals.

- Be a great organization, diverse in people and ideas.
- Develop and retain a faculty that will collaborate to drive excellence and innovation across OHSU.
- Join others in developing policy and care delivery solutions that improve access to high-quality healthcare for all, especially Oregonians.
- Help meet Oregon's workforce needs in the health and science professions through innovative strategies such as regionalization, academic partnerships, distance learning and interdisciplinary approaches.
- Align OHSU enterprises to support sustainable innovation.
- Build financial wherewithal for the long-term advancement of all our missions.

## Statutory Mission

The Legislative Assembly declares that the mission of all higher education in Oregon is to:

1. Enable students to extend prior educational experiences in order to reach their full potential as participating and contributing citizens by helping them develop scientific, professional, and technological expertise, together with heightened intellectual, cultural and humane sensitivities and a sense of purpose.
2. Create, collect, evaluate, store and pass on the body of knowledge necessary to educate future generations.
3. Provide appropriate instructional, research and public service programs to enrich the cultural life of Oregon and to support and maintain a health state economy.

ORS 351.009 [1993 c. 240§]

Oregon Health and Science University is established as a public corporation and shall exercise and carry out all powers, rights and privileges that are expressly conferred upon it, are implied by law or are incident to such powers. The university shall be a governmental entity performing government functions and exercising governmental powers. The university shall be an independent corporation with statewide purposes and missions and without territorial boundaries. The university shall be a governmental entity but shall not be considered a unit of local or municipal government or state agency for purposes of state statutes or constitutional provisions.

ORS 353.020 [1995 c. 162 §2; 1999 c.291 §2; 2001 c. 123 §]

## Board of Directors

### CHAIRMAN

#### **Charles Wilhoite**

Principal and director, Willamette Management Associates, Portland office

Charles Wilhoite joined the OHSU Board in January 2004. He is a specialist in financial consulting, economic analysis and business valuation services. His practice areas focus on business valuations, gift and estate tax planning, economic damages estimation, financial consulting, intellectual property appraisal and dispute resolution services, with an emphasis on the healthcare industry. Prior to joining Willamette he was with the firm KPMG.

### VICE CHAIRMAN

#### **Jay Waldron**

Portland Attorney

Jay Waldron joined the OHSU Board in October 2007. He is an attorney practicing in the areas of environmental and energy law with Schwabe, Williamson and Wyatt, a regional, multi-service law firm. Waldron recently completed six years as president of the Port of Portland Commission. He also has been the chairman of the American Bar Association's Tort Trial and Insurance Practice Section's environmental law committee.

#### **Román Hernández**

Portland attorney

Román Hernández joined the OHSU Board in June 2006. He is an attorney with Schwabe, Williamson and Wyatt, a regional, multi-service law firm. Hernandez is the immediate past president of the board of directors of the Portland Hispanic Chamber and currently serves on the chamber's board. He also serves as regional president for the Hispanic National Bar Association in the Pacific Northwest region.

#### **Rachel Pilliod**

M.D. candidate

Rachel Pilliod joined the OHSU Board in July 2009. She is an M.D. candidate in the School of Medicine. Prior to starting medical school, Rachel worked on education policy for the Nevada State Assembly and for the Committee for Economic Development in Washington, D.C. She's served previously on the Oregon State Board of Higher Education and was student body president at the University of Oregon.

#### **Joe Robertson**

President, OHSU

Ex Officio

Joe Robertson, appointed OHSU's president in 2006, has led numerous initiatives aimed at providing improved health care access to Oregonians. Other professional interests include the development of healthcare delivery systems and the application of cost accounting principles to medical practice, with the goal of reducing expenses for care while enhancing patient outcomes. He began at OHSU as a resident in 1979 and held numerous posts, including director of the Casey Eye Institute, and most recently, dean of the School of Medicine. Robertson is an acclaimed surgeon and researcher who has participated in numerous clinical trials.

## Board of Directors (continued)

**Maria Pope**

Chief Financial Officer, Portland General Electric

Maria Pope joined the OHSU Board in March 2010 and also serves on the OHSU Foundation Board of Trustees. Prior to this appointment, she served on PGE’s Board of Directors. She was previously the vice president and chief financial officer at Mentor Graphics. She also has served as vice president and general manager at Pope & Talbot, Inc., as well as in management positions at Levi Strauss & Co., and at Morgan Stanley. Pope currently serves on the boards of Premera Blue Cross, where she is the lead director, chairing the executive committee and serving on the compensation committee; and TimberWest Forest Corp., where she chairs the audit committee.

**MardiLyn Saathof**

Chief Governance Officer and Corporate Secretary for NW Natural Gas Company

MardiLyn Saathof joined the OHSU Board in October 2009. In addition to her current position at NW Natural, she has worked for Tektronix, Inc. as Assistant General Counsel and Chief Compliance Officer. She also served as General Counsel to Oregon’s Governor Kulongoski and was his Business and Economic Development Advisor. Saathof has played a variety of legal roles in her career, including as a supervising attorney for the Oregon Department of Justice, Business Transactions Section. Saathof began her legal career at Stoel Rives, LLP, where she focused her practice in corporate, securities and finance.

**Meredith Wilson**

Civic leader and community volunteer

Meredith Wilson joined the OHSU Board in January 2004. She is a rancher and co-owner of Wilson Cattle Co., located in North Powder in eastern Oregon. She has been involved with various nonprofit and community organizations, including PEO International Education Fund, which promotes educational opportunities for women, and the Northeast Oregon Area Health Education Center, which is one of four such centers OHSU operates in partnership with Oregon communities to improve the education, training and distribution of health care professionals in Oregon.

**David V. Yaden**

Retired executive director of policy and planning at Tri-Met

David V. Yaden joined the OHSU Board in October 2009. He also serves on the Oregon State Board of Higher Education. Now retired, he has more than 35 years experience in public affairs in Oregon. In addition to chairing the Sustainability Initiative Committee of the State Board of Higher Education, he is on the board and has been chair of Sightline Institute, a regional sustainability think tank based in Seattle. He has also been an independent public policy consultant and international environmental advisor; served as director of the Oregon Department of Energy; and worked in corporate planning in the private sector.

**R. Jon Yunker**

Civic leader

R. Jon Yunker joined the OHSU Board in October 2008. Mr. Yunker brings to the OHSU Board an array of valuable experience. Mr. Yunker worked for the Department of Administrative Services from 1980 – 2004, serving as its Director from 1995 – 2000. In April 2004, Mr. Yunker joined the State Board of Higher Education to serve as chief operations officer and executive vice chancellor for the Oregon University System. Mr. Yunker led system efforts to evaluate and improve current business operations. Currently, Mr. Yunker serves as a public member on the Oregon State Commission on Children and Families.

**Notes:** Data represent degrees and certificates awarded in the Summer through Spring of each academic year. These totals may differ from data included in IPEDS reporting, as IPEDS requires pre-determined academic years (July 1 through June 30) which does not correspond to the academic year based on program needs. Includes Joint Degrees awarded with Oregon Institute of Technology and Oregon State University. OGI School of Science & Engineering merged with the School of Medicine in 2008, and engineering degrees awarded have been included in the School of Medicine count beginning in 2008-09.

**Note:** <sup>1</sup>Prior to 2006/07, the baccalaureate nursing program was a 2-year upper division program, beginning in Summer term. A new curriculum was implemented in 2006/07, with nursing courses offered over a 3-year timeframe, beginning each year in Fall term. The lower total first-year tuition in 2006/07 for the 3-year curriculum reflects a smaller number of credits in that curriculum's first year in comparison to the 2-year curriculum's first year. The tuition rate per credit was the same for both curricula in 2006/07. <sup>2</sup>The tuition amounts shown here are based on a one-year full-time program of study (33 credits) for students entering the program from a partner OCNIE institution. Registered nurses educated at a non-OCNIE institution who come to OHSU to complete a BS in the nursing major are required to complete 12 additional credits at a cost of \$4,884 (in addition to the tuition amount shown in the table). <sup>3</sup>First year tuition rates vary among advanced specialties because the number of credits varies among the specialties' curricula. The first year tuition costs shown here are based on 36 credits. <sup>4</sup>The tuition amounts shown here for the PhD program are based on 9 credits per term for 3 terms.

OHSU's undergraduate nursing and radiation therapy programs are eligible programs. Includes all OHSU nursing students who are receiving grant by virtue of meeting income eligibility, regardless of location. Beginning in 2007-08, the OOG expanded eligibility and moved from a flat to a variable grant. Average Opportunity Grant data represents the average awarded amount, not actual dollar disbursements.

**Note:** \*Tracked separately starting in 2008. Two allied health programs--Clinical Laboratory Science and Advanced Paramedic Education --transferred enrollment to the Oregon Institute of Technology, but degrees are awarded jointly by OIT and OHSU. Enrollment in programs within the OGI School of Science & Engineering are counted in the School of Medicine. Physician Assistant program began as a bachelors degree program, but was redesigned as a masters degree program in 2000. <sup>†</sup>Unknown due to lack of access to OGI records during this period.

**Note:** Percentages adjusted to exclude undeclared and international students. "URM" includes students declaring themselves to be American Indian, Black, Hawaiian/Pacific Islander, Hispanic/Latino, and Two or More Races; Prior to definition changes made in Fall 2009, Hawaiian/Pacific Islander students were classified as Asian, and are thus not included in the URM student counts for prior years. First cohort of DNP students matriculated in Fall 2007; First cohort of Post-Baccalaureate Certificate students matriculated in Fall 2008; Includes out-of state PhD and on-line enrollment.

# Glossary

## A

### **Academic health center**

Provides the classification of OHSU as an accredited, degree-granting institution of higher education that educates a wide variety of health care professionals, offers comprehensive basic and advanced patient care, and conducts a broad spectrum of biomedical and health services research. AHCs must include: an allopathic or osteopathic school of medicine; at least one other health professions school or program (such as allied health, dentistry, graduate studies, nursing, pharmacy, public health, and veterinary medicine); and, one or more owned or affiliated teaching hospitals, health systems or other organized health care services.

### **Academic year**

The year beginning with summer term and ending with spring term. For example, academic year 2008-09 begins with summer term 2008 and ends with spring term 2009.

### **Adjunct faculty**

Generally staff members within the University or professionals in the local community whose areas of expertise are insufficiently represented on the faculty; they ordinarily hold the terminal degree in the field. Adjunct faculty appointments add the experience of professionals to enhance academic instruction.

### **Adjusted Census Day**

Adjusted census day = (gross patient revenue / inpatient revenue) \* census day. See Census Day.

### **Admitted student**

Student admitted to a degree or certificate program who has committed to enroll. The School of Nursing refers to this as an "offer".

### **Applied/application**

Student applied for admission into an OHSU program of study.

### **Ambulatory Visits**

Medical care including diagnosis, observation, treatment and rehabilitation that is provided on an outpatient basis. Ambulatory care is given to persons who are able to ambulate or walk about. A well-baby visit is considered ambulatory care even though the baby may not yet be walking.

## C

### **Census Day**

The number of days that patients (excluding newborns in the nursery) are hospitalized. Census days are based on the posting date.

### **Certificate**

A formal award, distinct from a degree, certifying the satisfactory completion of an instructional program or course of study. OHSU awards post-baccalaureate certificates, post-master's certificates, first professional certificates, and post-doctoral certificates

### **Completer**

Student who completed a course of study and received a degree or certificate from OHSU.

### **Consumer Price Index (CPI)**

The Consumer Price Index (CPI) is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. The CPI and its components are used to adjust other economic series for price changes and to translate these series into inflation-free dollars. Examples of financial series adjusted by the CPI in the OHSU Fact Book include Sponsored Research Awards, Student Tuition and State Appropriations. The Portland Consumer Price Index is used to adjust financial data. Effective in 1998, the geographic area covered by the Portland-Vancouver CPI was expanded to include the Salem Metropolitan Statistical Area (MSA).

## D

### **DAT score**

Average score of admitted students in a given year on the admission test for dental school, the Dental Admission Test administered by the American Dental Association (ADA).

### **Degree**

One of the status levels conferred by universities as the result of successfully completing a program of study. OHSU has three undergraduate programs: Nursing, Radiation Therapy and Clinical Laboratory Science (a joint degree with Oregon Institute of Technology). The degree for all of these programs is a Bachelor of Science (BS). OHSU also awards several one- to three -year master's degree programs that lead either to a Master of Science (MS) or a Master in several specific disciplines. In addition, OHSU awards several doctoral professional practice degrees including the MD, DMD, PhD, DNP and PharmD (a joint degree with Oregon State University). Each program requires an appropriate culminating project depending on the focus of the program of study as research-oriented or professional practice. The research doctoral degree (the PhD) requires a comprehensive examination in one or more fields, an original research project, perhaps some teaching experience, and then the writing of a dissertation.

### **Discharge**

A person who was formally admitted to a hospital as an inpatient for observation, diagnosis, or treatment, with the expectation of remaining overnight or longer, and who is discharged under one of

the following circumstances: (1) is formally discharged from care of the hospital and leaves the hospital; (2) transfers within the hospital from one type of care, or (3) has died.

### **Discharge Days**

The total number of days between the admission and discharge dates for each patient (length of stay). The day of admission but not the day of discharge is counted as a discharge day (except for admission and discharge on the same day, which is counted as one discharge day).

### **Discipline (CIP)**

The academic discipline or program as reflected in the Classification of Instructional Programs published by the National Center for Educational Statistics, for which a “CIP” code is defined.

## **E**

### **Education and General Funds**

The portion of the OHSU budget that is devoted to instructional and support services for students and faculty, including managerial and administrative functions needed to provide the services.

### **Educational source**

The college or university last attended prior to entering OHSU.

### **Ethnic or Racial group**

#### Students

Ethnic or racial category with which a person most identifies. The ethnic or racial group categories reported for OHSU students are defined by the United States Census Bureau and the Federal Office of Management and Budget (OMB). Those racial categories reported for students are listed on the federal IPEDS reports (effective Fall 2009) as: American Indian/ Alaska Native; Asian; Black/African American; Native Hawaiian or Other Pacific Islander ; Two or more races; and White (including people of European and Middle Eastern origins). In addition, student ethnicity is categorized as either Hispanic/Latino or Not Hispanic/Latino. Students who decline to respond are listed in the “unknown” category. These ethnic and racial categories do not include foreign students, who are reported separately under “international” or “nonresident alien.”

#### Employees

The ethnic or racial group categories reported for OHSU employees are defined by the United States Department of Education, Census Bureau and the Federal Office of Management and Budget (OMB): The Equal Employment Opportunity Commission of the US Department of Labor (EEO) requires employers to report various information about their employees, in particular, their racial/ethnic categories to prevent discrimination based on race/ethnicity. The 2009 racial categories include: American Indian/ Alaska Native; Asian; Black or African American; Native Hawaiian or Other Pacific Islander; Two or more; and White. The 2009 ethnic categories are Hispanic/Latino or Not Hispanic/Latino. These racial and ethnic categories are self-identification data items in which employees choose the category with which they most closely identify. These

categories include employees who are not citizens of the United States, but have permanent residency status or a temporary work permit or visa.

### **Enrollment**

The Oregon Health & Science University (OHSU), like all other higher education institutions, uses several different definitions in counting enrollment. The various definitions serve different purposes: budget preparation, workload evaluation, federal reporting, single-point snapshots, and description of OHSU's provision of educational services.

### **Headcount enrollment**

Headcount enrollment represents the number of individual students enrolled in credit courses, regardless of course load. However, the majority of OHSU's students tend to be enrolled full-time and working towards a degree or certificate. Only a small proportion of students are enrolled part-time in a degree program or in non-degree programs designed for working professionals.

Historical enrollment has generally been expressed in terms of fall headcount. National comparisons of enrollment are most often made on the basis of fall headcount.

In 2002 through 2004, OHSU eliminated several programs offered at the undergraduate level to focus its mission on graduate and professional academic programs. In 2002, OHSU eliminated the Dental Hygiene undergraduate program and in 2003-04 transferred two undergraduate programs in Clinical Laboratory Science and Paramedic Education to become joint degree programs with the Oregon Institute of Technology (OIT). OHSU does not include enrollment in these programs, but does count the undergraduate degrees awarded jointly by OIT and OHSU.

### **Student Full-time Equivalent (FTE)**

The student full-time equivalent (FTE) translates credit into enrollment, showing how many students it would take to produce the total credit-bearing activity of OHSU if each student took exactly a fulltime load. Calculation of the student full-time equivalent varies depending on the level and program of the student. At OHSU, undergraduate FTE is calculated as follows: total term credit hours divided by 15. Graduate (masters level) FTE is calculated as follows: total term credit hours divided by 12. PhD FTE is calculated as follows: total term credit hours divided by 9. The OHSU FTE for professional students is the actual professional student headcount.

## **F**

### **Faculty**

Appointment to the University faculty is comprised of a title that includes a series, rank and modifier.

Series reflects the primary assignment, focus and expectations of the faculty member and unit: professor, research professor, clinical professor, affiliate professor, scientist, staff scientist, and research assistant scientist.

Rank conferred on faculty in the academic, research, clinical and affiliate professor series includes Lecturer, Instructor, Senior Instructor, Assistant Professor, Associate Professor, and Professor (for most junior to senior ranks).

Faculty rank modifiers Include the prefix “adjunct” or “visiting,” the suffix “provisional or “emeritus.” “Adjunct” designates a faculty with less than 0.5 FTE or a temporary appointment. “Visiting” designates a temporary appointment to the faculty, usually a faculty at another university for a designated time period. “Provisional” reflects a new faculty appointment with senior rank (professor or associate professor) pending approval by the school’s Promotion and Tenure Committee. “Emeritus Professor” is an honorary title for a retired faculty member recognizing distinguished past service to OHSU. “Affiliate Professor” designates volunteer or community faculty who are not compensated by OHSU. OHSU faculty data on gender, race/ethnicity and tenure exclude Affiliate Faculty and Emeritus Faculty.

### **Fee category**

Enrollment category reflecting the type of fee assessed (e.g., resident, nonresident).

## **G**

### **Grade point average (GPA)**

Average grade based on a pre-defined scale (for example 0 to 4 points, where A=4, B=3, C=2, D=1, F=0). The undergraduate GPA is one factor used in student application and admissions processes. The undergraduate GPA may be reported as an overall GPA or a GPA for science courses, depending on program requirements.

### **Graduation rate**

Reflects the percentage of an entering cohort of students who complete a degree within a specified length of time. The common national practice used for baccalaureate completion is to report the percentage of the entering freshmen who complete a bachelor’s degree within six years, or 150% of the published time.

All nursing students transfer from another four-year university or community college into OHSU’s baccalaureate-level program. Therefore, the pathways affect what is considered to be 150% of the published time. For OHSU medical and dental students, the published time is 4 years and 150% of the published time is 6 years.

## **H**

### **Hospital Occupancy Rate**

The number of inpatient hospital beds occupied divided by the average number of hospital beds. Serves as a measure of health facility inpatient use.

## I

### **Inpatient**

A patient who is admitted to a hospital or clinic for treatment that requires at least one overnight stay.

### **IPEDS**

Integrated Postsecondary Education Data System, part of a series of reports collected annually by the National Center for Educational Statistics (NCES). IPEDS collects data on postsecondary education in the United States in seven areas: institutional characteristics, institutional prices, enrollment, student financial aid, degrees and certificates conferred, student persistence and success, and institutional human and fiscal resources.

## L

### **Length of Stay (LOS)**

The total number of 24-hour days that a patient occupies a hospital bed.

## N

### **Newborn**

An infant, born alive in the hospital.

### **Nonresident**

The fee status category of students who are assessed nonresident tuition.

### **Nonresident alien**

A student who is neither a U.S. citizen nor a resident alien (i.e., permanent resident) and holds a student visa. International student is often used interchangeably.

## O

### **Outpatient**

A patient who is admitted to a hospital or clinic for treatment that does not require an overnight stay.

### **Outpatient Visits**

Includes emergency room visits, outpatient clinic visits, referred ancillary service visits, home health care contacts, and day care days, where the outpatient is treated and released the same day. Also included are outpatient ambulatory surgery visits, renal dialysis visits, observation care visits, psychiatric visits, chemical dependency visits, hospice outpatient visits, and adult day health care visits.

## **R**

### **Resident**

The fee status category of students who are assessed resident tuition.

## **S**

### **Sponsored research dollars**

Includes sponsored research, teaching/training grants, library grants and similar support.

## **T**

### **Tuition**

The mandatory charge for instruction assessed students for enrolling in OHSU. Factors taken into account in setting tuition include program cost, enrollment, market and residency status. In addition to tuition, various fees are assessed to all students (i.e. health service fee) but others are program specific (i.e. hospital pagers).
