

2025 FACT BOOK

Oregon Health & Science University

2025 FACT BOOK

March 2026

This publication was prepared by the OHSU Office of Institutional Research and Effectiveness using a variety of data sources maintained by other offices in the University. Cover photo by Aaron Bieleck, EdCOMM Photography.

The purpose of this document is to provide data about academic programs, students, faculty and staff, and other basic information to the OHSU community and public.

Information requests should be directed to:

Elias Cohen
Assistant Vice Provost for Institutional Research and Effectiveness
Oregon Health & Science University

INTRODUCTION

OHSU Organization

OHSU Mission

Oregon Health & Science University is the state's only comprehensive public academic health center. Its fundamental purpose is to improve the health and well-being of people in Oregon and beyond. A Board of Directors nominated by the Governor and confirmed by the Oregon Senate governs the University.

As part of its multifaceted mission, OHSU strives for excellence in education, research and scholarship, clinical practice and community service. Through its dynamic interdisciplinary environment, OHSU stimulates the spirit of inquiry, initiative and cooperation among students, faculty and staff.

Setting the example for integrity, compassion and leadership, OHSU strives to:

- Educate tomorrow's health professionals, scientists, engineers and managers in top-tier programs that prepare them for a lifetime of learning, leadership and contribution.
- Explore new basic, clinical and applied research frontiers in health and biomedical sciences, environmental and biomedical engineering and information sciences, and translate these discoveries, wherever possible, into applications in the health and commercial sectors.
- Deliver excellence in healthcare, emphasizing the creation and implementation of new knowledge and cutting-edge technologies.
- Lead and advocate for programs that improve health for all Oregonians, and extend OHSU's education, research and health care missions through community service, partnerships and outreach.

OHSU will partner to be a leader in health and science innovation for the purpose of improving the health and well-being of people in Oregon and beyond.

OHSU Board of Directors

Susan King, M.S., RN, CEN, FAAN, Chair
Emergency Staff Nurse
Former Executive Director of the Oregon Nurses Association

Susan King is a lifelong resident of Portland, Oregon. She has invested in both a professional nursing career as a clinician, administrator, lobbyist, health policy adviser and advocate — as well as a community activist on civic issues such as housing, neighborhood preservation and development, and election of leaders at the city, local, state and national level.

She is a graduate of the University of Oregon School of Nursing and holds a master's degree in nursing from OHSU. In 2011, she was inducted into the American Academy of Nursing for her work on authority for nurse practitioners.

Her career in nursing has included delivering care to patients and families, and help shaping health care delivery and policy at the state and national level. She has experience holding regulatory and policy positions within Oregon as well as nationally.

From 1989 to 2017, King led the Oregon Nurses Association focused on the nursing workforce, promoting authority for nurse practitioners and clinical nurse specialists, addressing standards for hospital staffing and improving access to care for all.

King currently practices as a staff RN in a large Portland area emergency department.

Justin Hurley Braswell, M.B.A., Vice Chair
Executive Vice President and Chief Operating Officer, Rubicon Investments Corp.

Justin Hurley Braswell is a seasoned professional with nearly 30 years of experience specializing in health care, government office and corporate commercial markets. As Executive Vice President and Chief Operating Officer at Rubicon Investments Corp., a fourth-generation Oregon family business, he leads real property development and portfolio management, leveraging his executive expertise to drive efficiency and innovation in large-scale projects.

Before his role at Rubicon, Hurley Braswell oversaw a \$500 million-plus real estate portfolio and 50-plus construction projects annually, including executing a strategy in health care real estate development and physician specialty integration with a major regional health system in Southern Oregon.

Honored with the Better Bricks Award (2012) and named among the Urban Land Institute's Top 100 Global Real Estate Professionals, Hurley Braswell has also received multiple accolades in health care design. Committed to sustainability, he has completed 10 LEED-certified projects in the past decade and is a strong advocate for trauma-informed and inclusive design, a focus of his latest book, "Inclusive Design: Developing Environments for Every Individual."

Hurley Braswell holds a B.S. in innovation and leadership (Southern Oregon University), an M.B.A. (Western Governors University) and a certificate in Governing Family Enterprises (Kellogg School of Management, Northwestern University).

Christopher Abbruzzese
Senior Vice President, Robertson Stephens

Chris is a Senior Vice President in the Robertson Stephens Portland office. Chris brings extensive experience in risk management, investment and operational due diligence, portfolio construction, investment strategy, and capital markets transactions.

Prior to Robertson Stephens, Chris co-founded Rain Capital and was the firm's Chief Investment Officer. He was also Director of Research and Analytics and Director of Alternative Investments at Arnerich Massena, Inc. In his roles, he provided management and oversight of the analytics group and had primary responsibility for sourcing new investment managers. In addition, Chris was responsible for the strategic direction of the firm's research efforts and investment strategy and chaired the firm's Investment Committee.

Previously, Chris was Executive Director at JP Morgan, serving as a risk manager in the firm's Global Prime Services division. He also served as Managing Director Principal at Bear Stearns & Co, where he held various positions in the firm's Global Credit and Global Clearing Services Risk Control departments. In 1995, he started Bear Stearns' Sovereign Risk Control unit.

Chris holds an M.I.A. in International Finance from Columbia University and a B.A., in International Affairs from Lewis and Clark College.

James A. Carlson
Director and Co-Founder, Incite Strategic Partners

James Carlson is a seasoned health policy expert and executive with more than 30 years of experience in public affairs, health care finance, business and strategic leadership. He is the director and co-founder of Incite Strategic Partners, a rapidly growing Portland-based company that provides group purchasing, e-procurement, and workforce solutions to thousands of post-acute care and senior living organizations across the United States. He also serves as a strategic adviser on health care finance to the American Health Care Association.

Previously, Carlson served for over two decades as President and CEO of the Oregon Health Care Association, retiring in 2020. During his tenure, the organization grew more than sevenfold in size and influence, and Carlson guided Oregon's post-acute care sector through significant reimbursement system changes and regulatory reforms. Earlier in his career, as associate director of government affairs for the Oregon Medical Association, he played a key role in advancing major Medicaid, rural health and public health legislation. He began his professional path as a staffer for a member of the U.S. House of Representatives.

Carlson is a fourth-generation Oregonian and a graduate of the University of Oregon.

Shereef Elnahal, M.D., M.B.A.
President, OHSU

Dr. Shereef Elnahal became OHSU's sixth president on Aug. 11, 2025. He is a leader and expert in health care delivery in large, integrated health systems, with a career focused on serving vulnerable communities.

Before joining OHSU, he was appointed by President Joe Biden to serve as Under Secretary for Health at the Department of Veterans Affairs. He led the largest integrated health system in the nation alongside a team of nearly 400,000 professionals, delivering world-class care to 9 million enrolled veterans.

Accomplishments include:

- Overseeing the largest expansion of veteran benefits and care in a generation, enrolling more than 800,000 new veterans into health care, and upgrading coverage for more than 900,000 veterans.
- Improving overall care productivity by 9% in two years.
- Advancing care access for women veterans, including extending maternity care coordination benefits for up to one year after birth for veteran mothers to reduce maternal morbidity and mortality risks, and enrolling more than 50,000 new women veterans into health care over the last year.
- Implementing a new policy in which the VA covers the costs of care for any veteran in suicidal crisis.
- Placing record numbers of homeless veterans into permanent housing.

Before his role at VA, Dr. Elnahal served as President and Chief Executive Officer of University Hospital in Newark, New Jersey. University Hospital is a Level I trauma center, the principal academic medical center for Rutgers New Jersey Medical School, and New Jersey's only public hospital. Dr. Elnahal led University Hospital through the COVID-19 public health emergency and turned around the hospital's finances.

Before that, he served as New Jersey's 21st Health Commissioner, responsible for running the state's four psychiatric hospitals. He made strides in improving quality, patient safety and outcomes for New Jersey's most vulnerable patients requiring mental health inpatient hospitalization.

Dr. Elnahal received his M.D. from Harvard Medical School and his M.B.A. with Distinction from Harvard Business School. His perspective on the American health care system's COVID-19 response, including on matters of health equity, has been featured on national media outlets including CNN, MSNBC, The New York Times and Fox Business Network.

Claire Irvan

Claire Irvan has been employed at OHSU for over 21 years. She is a financial coordinator for the Adult and Pediatric Bone Marrow Transplant and CAR-T program. Her role is responsible for establishing global case rates for transplant, helping to secure single case agreements for CAR-T, and ensuring services have been authorized by insurance companies.

Betsy Johnson

Senator Betsy Johnson served 21 years in the Oregon Legislature before running unsuccessfully for Governor in 2022.

She received her undergraduate degree in history from Carleton College in Minnesota. With few job prospects related to history, Betsy attended night classes at Lewis & Clark College's Northwestern School of Law. During the day, she worked in the County Jail as the recognizance officer for the Multnomah Circuit Court. She obtained her law degree but has never practiced law.

Instead, she was a commercial helicopter pilot and flew fixed-wing aircraft. It was flying helicopters – especially over Mount St. Helens – during pre and post eruption periods – that taught Betsy how to focus when the going gets tough.

The law degree she earned has not gone to waste. It taught her how to analyze legal concepts and the importance of giving people a fair shake in the system. She and her husband, John Helm, own Transwestern Aviation Inc. in Scappoose.

Every school lesson, every job that Betsy has had, continued to inform her work as a State Legislator and later, her community engagement in post-elected public service.

On a personal note, Senator Johnson's parents, the late Samuel S. Johnson and Becky Johnson were both heavily involved in the public, philanthropic and political life of Oregon. Her father served in the legislature; her mother on numerous education boards & commissions. Both were veterans of World War II.

Maria I. Rodriguez, M.D., M.P.H.

Maria Rodriguez is a professor of obstetrics and gynecology, and the medical director for Oregon's Reproductive Health Program. She is the director for the Center for Women's Health and Center for Reproductive Health Equity.

She completed medical school and residency at OHSU (2004, 2008), a fellowship in family planning at UCSF (2010), and an M.P.H. at UC Berkeley (2010). Following her fellowship, she spent five years working for the Department of Reproductive Health and Research at the World Health Organization in Geneva, Switzerland. She serves as chair of Oregon's Maternal Mortality Review Committee and as co-chair on the

Medicaid Advisory Committee.

Dr. Rodriguez provides OB/GYN care at the Center for Women's Health and is a physician-scientist. Her research focuses on the intersection of reproductive health, policy and economics.

Malik Seals

Malik Seals is a first-year graduate student in the M.D./Ph.D. program at Oregon Health & Science University. He completed his undergraduate studies at the University of Alabama and went on to earn graduate degrees from the University of Alabama at Birmingham and Emory University.

Seals is a U.S. Fulbright Scholar, a recipient of a National Medical Fellowship, and a former Albert Schweitzer Fellow.

At OHSU, he has served on the student council and remains active in patient advocacy through the National Multiple Sclerosis Society. He is also deeply committed to mentoring underrepresented students pursuing careers in STEM.

Sadhana Shenoy

Sadhana has been a resident of Oregon since 1985. She earned her graduate degree in Computer Science from the Oregon Graduate Institute in 1990. She also holds undergraduate degrees in Accounting and Business. She held an Oregon Certified Public Accountant license.

Sadhana worked in various companies as a software engineer and accountant. Most recently Sadhana was the CFO and COO of a transit startup (GlobeSherpa), raising funds, managing budgets, finances and operations, and ultimately enabling a sale of the startup to a major automotive manufacturer. She continued to lead the unit as CFO and COO, overseeing business systems, human resources and operations.

In 2018 Sadhana was appointed Chair of the Oregon PERS (Oregon Public Employees System) Board, and served 2 terms there.

She has served on Boards of educational, environmental and entrepreneurial non-profits.

Sadhana enjoys hiking, gardening and the outdoors in Oregon. She and her husband Sunil enjoy the company of their 2 daughters and 4 grandchildren who live nearby.

Sue Steward

Cow Creek Band of Umpqua Tribe of Indians Citizen and Tribal Board Member

Sue Steward currently serves the 43 tribes of the Northwest as the Deputy Director at the Northwest Portland Area Indian Health Board (NPAIHB). She served NPAIHB from 2018 through 2020 as the CHAP Project Director. Before that, she served a small Alaska Tribal Health Organization as a federally certified, primary midlevel provider from 2000 to 2018, and as the Community Health Aide Program (CHAP) Director from 2008 to 2018.

Her education includes a B.S. in health administration and a graduate degree in health leadership. She served as the Alaska CHAP Directors Association Chair for four years and the Vice Chair for three years and also served on the Alaska Area CHAP Certification Board for two years.

In 2005, Steward was a recipient of the IHS Director's Award for her contributions to the revised Alaska Community Health Aide Manual. She currently serves as the Cow Creek delegate to the Affiliated Tribes of Northwest Indians (ATNI) and to the National Congress of American Indians (NCAI).

She is grateful for the many experiences she has enjoyed in her professional career. Her husband of 40 years is her best friend and a great support. Their two sons have rich experience with the Navy, Air Force, and Alaska Militia and volunteer firemen. Their oldest now serves their tribe as the Cultural Coordinator and is completing his B.S. in Indigenous studies. Their youngest son is an Alaska Air National Guard Staff Sergeant, 4N031/Aerospace Medical Technician and works in the local hospital as an ER tech. He is currently completing his B.S. in homeland security/emergency management.

ACCREDITATION

OHSU Accreditation

Institutional Accreditation

Oregon Health & Science University has received continuous institutional accreditation by the Northwest Commission on Colleges and Universities (NWCCU) since 1980. OHSU is authorized to offer associate, baccalaureate, masters, professional practice doctoral and research doctoral degrees, as well as graduate certificates. The last NWCCU accreditation visit occurred in October 2025. The next required accreditation action will be the submission of a Policies, Regulations, and Financial Review that is due in the Fall of 2028.

Accreditation of an institution of higher education by NWCCU indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited university is one that has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

NWCCU accreditation is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend OHSU.

Institutions accredited by NWCCU are required to examine their own missions, goals, operations, achievements, and effectiveness. Since the institution is reviewed by NWCCU on a regular, ongoing cycle, continued self-study, reflection, assessment and improvement is necessary for OHSU to ensure compliance with accreditation standards.

Specialized Accreditation

Specialized accreditation is a type of accreditation status that is designated for specialized academic programs within an institution of higher education that have already been awarded institutional accreditation. Specialized accreditation focuses on specific aspects of the program's academic field of study.

Currently, OHSU has 38 academic fields of study with specialized accreditation from 18 different specialized accrediting agencies. For a complete list of all of the accredited programs and their respective specialized accreditation agency, see the OHSU Inventory of Specialized Accreditation and Reporting Timeline Table on pages 2-4.

Inventory of Specialized Accreditation and Reporting Timeline

Data represent unduplicated counts of applications received.

*The School of Nursing accepts applications and admits students throughout the academic year. 2025-26 data represent applications, admitted and enrolled students for Summer and Fall terms only. MPAS "offered admission" data has been updated from previous factbooks to reflect consistent a definition across programs. The 2025 DMD admitted students number represents a correction from a previous published report.

Officers of Color	27.0%	26.9%	27.3%	30.5%	32.8%	37.8%	40.9%	43.5%	45.4%	49.1%
Underrepresented in Medicine									14.4%	16.4%

Note: House officers include interns, residents and fellows. Figures represent only ACGME-accredited residency and fellowship programs in the School of Medicine, as of 11/05/2025. This data historically represents a Fall snapshot and may have changed by the end of the academic year. "Underrepresented in Medicine" includes the following groups: American Indian/Alaska Native, Black/African American, Hispanic/Latino, and Native Hawaiian/Pacific Islander. "Percentage of All Officers" includes all officers in the denominator consistent with IPEDS reporting. "Percentage of Officers with Reported Race/Ethnicity" excludes "Other/Unknown/Prefer not to report" from denominators. **Source:** OHSU Graduate Medical Education ACGME ADS (2024-2025, 2025-2026), OHSU Graduate Medical Education MedHub (through 2023-2024). The historical data source combined Asian and Pacific Islander groups into a single category. Beginning in 2024 these groups have been disaggregated. This disaggregation allows the display of the combined "Underrepresented in Medicine" summary category.

DEGREES AWARDED

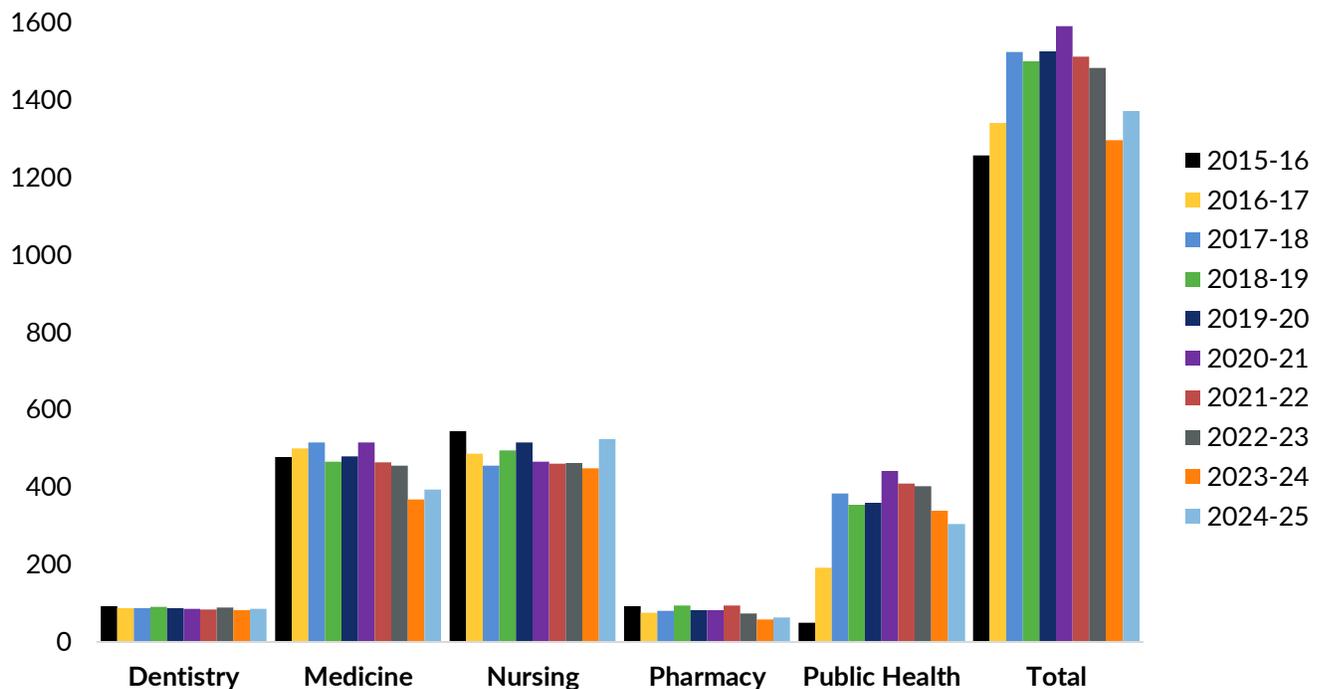

Degrees and Certificates Awarded by School Fall 2015-16 though Fall 2024-25

	Dentistry	Medicine	Nursing	Pharmacy	Public Health	Total
2015-16	93	478	545	92	49	1257
2016-17	87	500	486	76	192	1341
2017-18	87	515	456	81	384	1523
2018-19	91	465	494	95	355	1500
2019-20	87	480	515	83	360	1525
2020-21	85	516	466	82	442	1591
2021-22	84	464	460	95	409	1512
2022-23	89	455	463	73	402	1482
2023-24	82	368	448	58	339	1295
2024-25	86	394	523	64	305	1372

Note: Data represent degrees and certificates awarded in Summer through Spring of each academic year. These totals may differ from data included in IPEDS reporting, as IPEDS requires reporting based on specific dates (July 1 through June 30) which do not correspond to the academic year.

Note: The professional exams are reported by calendar year for DMD and BS Nursing students. The professional exams are reported by academic year for MD (Step 2 exam), PharmD, and Radiation Therapy students. The OHSU Annual Data for Human Nutrition exams reflect the percentage of graduates who took the exam in that year - not necessarily the cohort who graduated that year. For example, the 2021 total number includes 2021 graduates, but may also include graduates from the previous year(s) who deferred taking the exam. Source: Annual school-level reports.* 2019-2023 Revised Data. Data from prior years may differ from earlier reports. Prior year totals for some exams are updated to reflect late test takers.

TUITION AND FINANCIAL AID

Resident and Nonresident First-Year Tuition 2025-2026

School	Program	# Terms	Resident Tuition	Nonresident Tuition
Dentistry	DMD	4	\$50,924	\$82,188

2024	180,49	432,98	76,251	37,150	2,350	1,210,547	56,441	562
2025	183,35	453,55	80,762	38,673	2,603	1,260,117	59,411	562

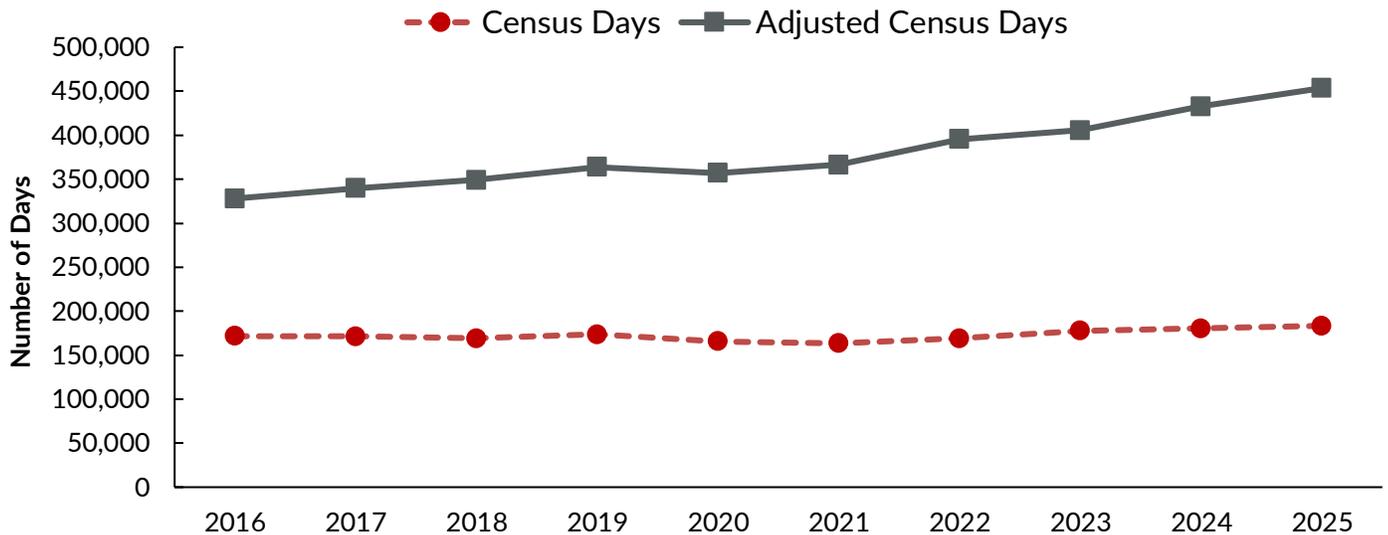

Note: Total Hospital Patients includes observation patient count, day patients, and admits. Total Surgical Cases includes inpatient and outpatient surgeries. Births includes normal newborns and neonatology births. Ambulatory Visits counts include all visits that result in a charge; when visits and procedures happen on the same day, only one visit is counted. The Emergency Dept Visits number reflects the number of people who come to the Emergency Department and register (ED outpatient, ED admitted to inpatient and ED observation). KEY PERFORMANCE MEASURES

Key Performance Measures for Oregon Legislature

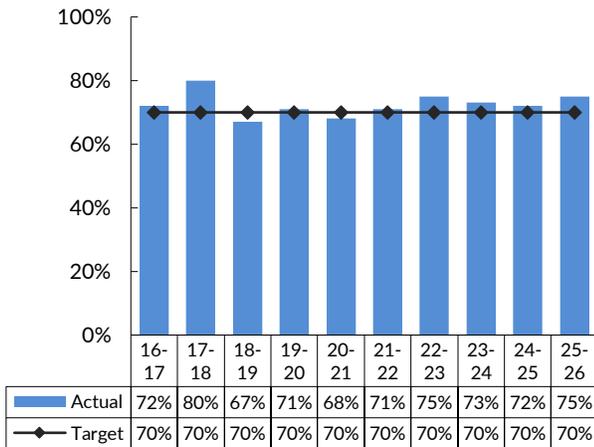

1) **DMD Access:** Percent of entering cohort who are in-state DMD students

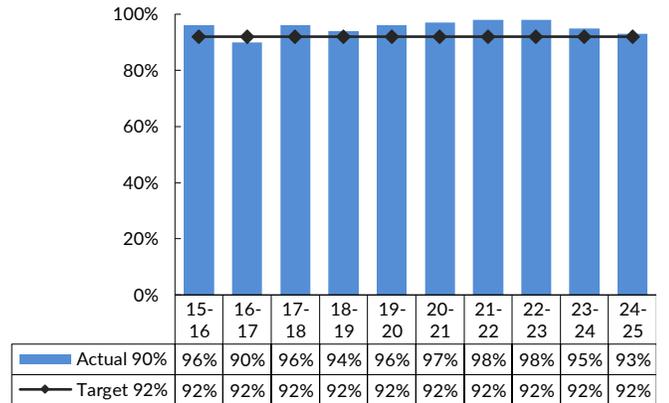

3) **Nursing Access:** Percent of entering cohort who are in-state nursing students

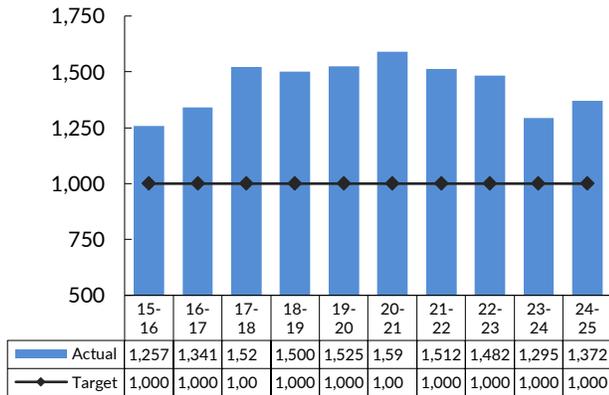

2) **MD Access:** Percent of entering cohort who are in-state MD students

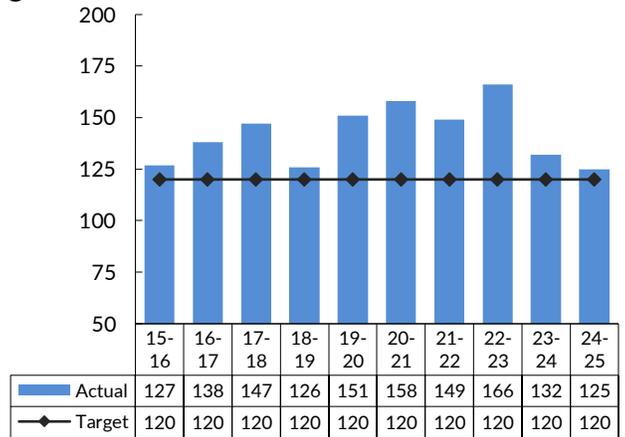

4) **Nursing Completion:** Percent of nursing student cohorts completing bachelor's degrees within 150% of normal completion time

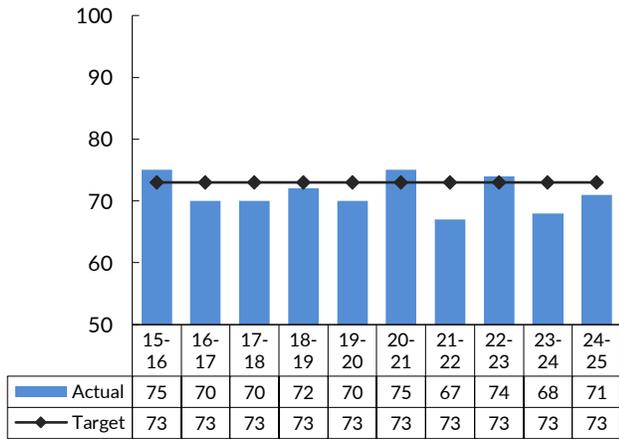

5) Degrees: Total number of degrees and certificates awarded

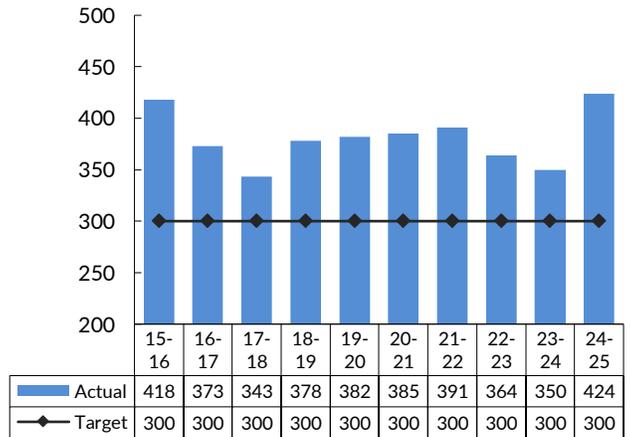

7) Physician Workforce: Total number of MD degrees awarded

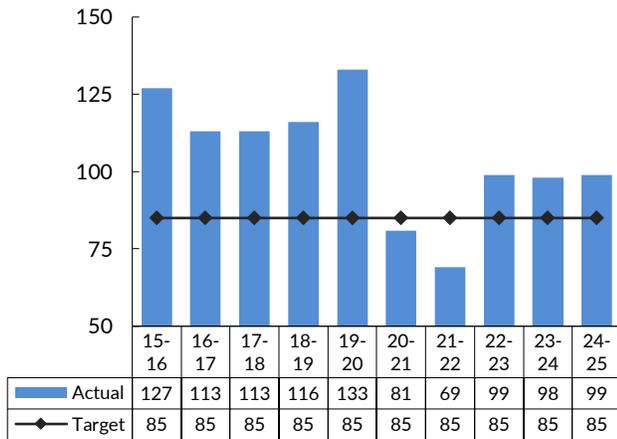

6) Dental Workforce: Total number of DMD degrees awarded

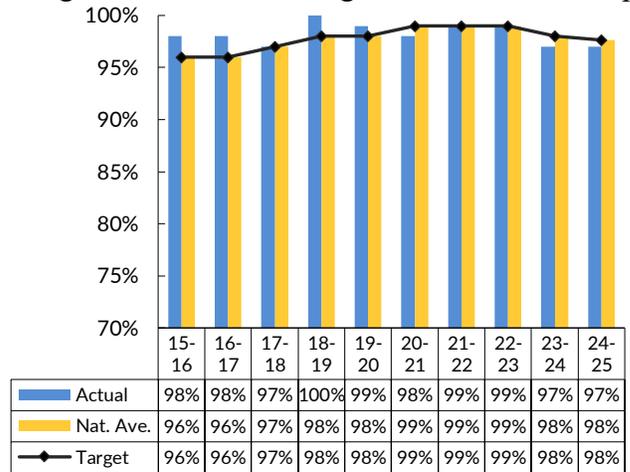

8) Nursing Workforce: Total bachelor's degrees awarded in nursing

9) Nursing Faculty: Total graduate degrees and certificates awarded in nursing

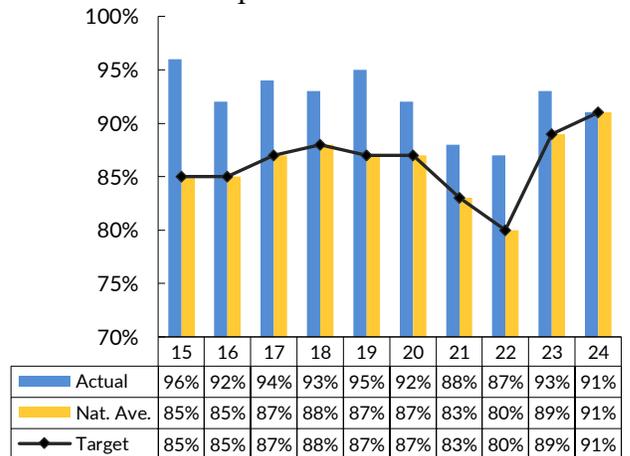

11) Professional Competence: Percent of MD students passing senior-level licensing exams on first attempt

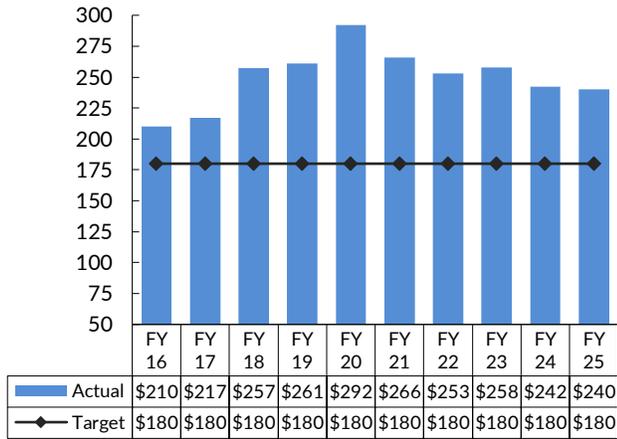

10) Professional Competence: Percent of DMD students passing senior-level licensing exams on first attempt

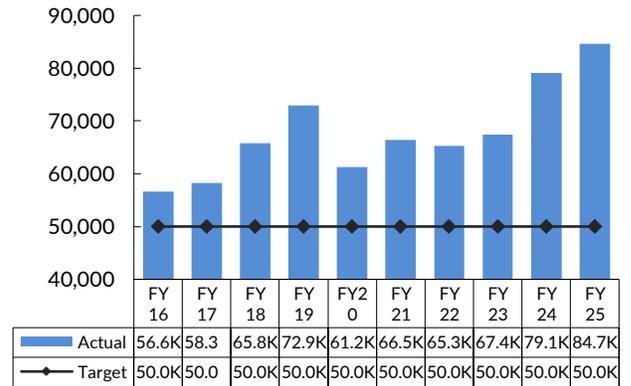

12) Professional Competence: Percent of bachelor's level nursing students passing senior-level licensing exams on first attempt

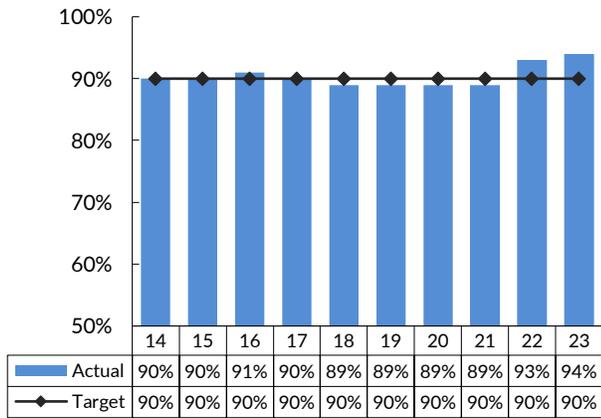

13) Research Productivity: Research dollars per faculty (in thousands)

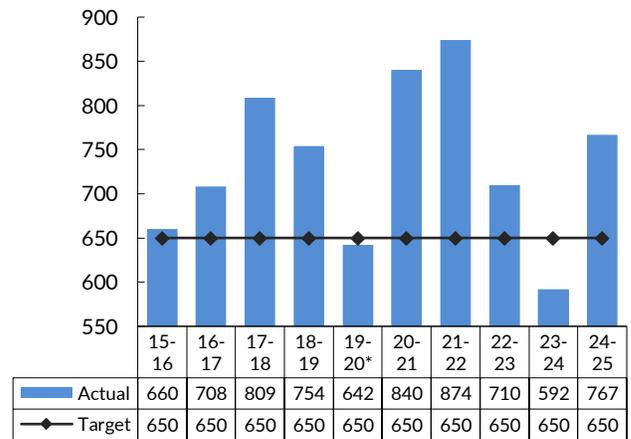

15) CDRC Services: Total clinical, surgical and/or diagnostic services provided to patients

14) Oregon Poison Center: Percent of poisoning or toxic exposure cases managed at home

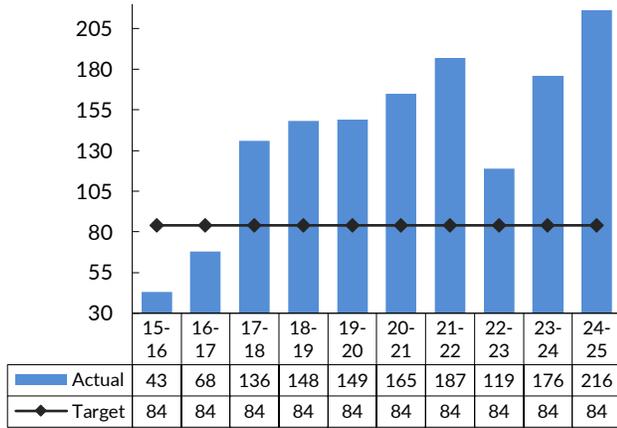

16) MD Clinical Rotations: Total number of medical student weeks served in rural communities

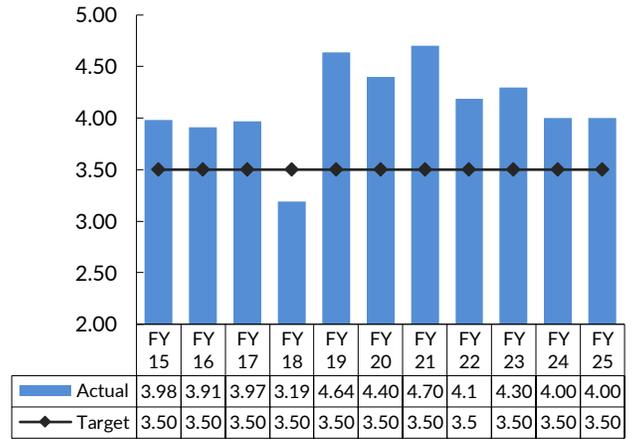

*Rotations declined in spring term 2020 due to clerkship cancellation.

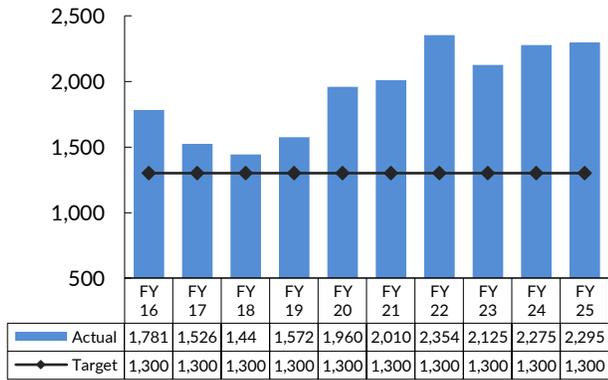

17) Rural Preceptors: Total number of physicians supervising medical students in rural communities

19) Rural Health: Federal funds generated per state dollar invested in the Office of Rural Health

18) Rural Pipeline: Total number of rural K-12 students enrolled in science and healthcare education pipeline programs

Historical Collections & Archives Access and Scope 2021 through 2025

	Public events and exhibits held	Research and collection inquiries	Collection description views	Total archival holdings (linear feet)	Archival growth from previous year
2021	7	159	11,370	2,378	2.4%
2022	5	178	5,440*	2,418	1.7%
2023	8	78	4,996	2,427	0.37%
2024	4	145	5,341	2,437	0.41%
2025	2	126	7,113	2,442	0.21%

Note: Historical Collections & Archives is the home of OHSU's rare books, archives, manuscripts, and artifacts. Visit our website to explore our collections, and to view our public programming, including virtual events and exhibits. <https://www.ohsu.edu/historical-collections-archives>. **Starting in 2022, how collection views are counted changed, resulting in a lower number. **Source:** OHSU Historical Collections & Archives; OHSU Library.

GLOSSARY

Glossary

A

Academic Health Center

Provides the classification of OHSU as an accredited, degree-granting institution of higher education that educates a wide variety of health care professionals, offers comprehensive basic and advanced patient care, and conducts a broad spectrum of biomedical and health services research. AHCs must include: an allopathic or osteopathic school of medicine; at least one other health professions school or program (such as allied health, dentistry, graduate studies, nursing, pharmacy, public health, and veterinary medicine); and, one or more owned or affiliated teaching hospitals, health systems or other organized health care services.

Academic Year

The year beginning with summer term and ending with spring term. For example, academic year 2023-24 begins with summer term 2023 and ends with spring term 2024.

Adjusted Census Day

Adjusted census day = (gross patient revenue / inpatient revenue) * census day. See Census Day.

Admitted Student

Student who has been offered admission into an OHSU academic degree or certificate program.

AFSCME

OHSU employees represented by Local 328 of the American Federation of State, County and Municipal Employees (AFSCME). AFSCME-represented positions range from pharmacists, certified nursing assistants to business data analysts, laboratory animal technicians and administrative assistants.

Applied Student

Student who has submitted an application for admission into an OHSU academic degree or certificate program.

Ambulatory Visits

Medical care including diagnosis, observation, treatment and rehabilitation that is provided on an outpatient basis including virtual and telephone visits. Ambulatory care is given to persons who are able to ambulate or walk about. A well-baby visit is considered ambulatory care even though the baby may not yet be walking.

C

Census Day

The number of days that inpatients (excluding newborns in the nursery) are hospitalized. Census days are based on a snapshot of inpatients in bed at midnight in nursing units defined as census units.

Certificate

An academic award, distinct from a degree, certifying the satisfactory completion of an academic instructional program or course of study. OHSU awards graduate certificates and post-doctoral certificates.

Consumer Price Index (CPI)

The Consumer Price Index (CPI) is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. The CPI and its components may be used to adjust other economic series for price changes and to translate these series into inflation-free dollars.

D

Day patient

Patients undergoing an ambulatory surgery or procedure who are expected to be discharged with fewer than two midnights of hospital care (e.g. same day discharge or routine overnight recovery).

Dental Admission Test (DAT) Score

Average score of admitted students in a given year on the admission test for dental school, the Dental Admission Test administered by the American Dental Association (ADA).

Degree

An academic title conferred by a university to a student who has successfully completed a specified instructional program of study. OHSU awards associate's degrees, bachelor's degrees, master's degrees and doctoral degrees.

Discharge

A person who was formally admitted to the hospital for inpatient care in accordance with a physician's order, with the expectation of remaining overnight or longer, and who is discharged under one of the following circumstances: (1) is formally discharged from care of the hospital and leaves the hospital; or (2) has died.

Discharge Days

The total number of days between the inpatient admission and discharge dates for each patient (length of stay). The day of admission but not the day of discharge is counted as a discharge day (except for admission and discharge on the same day, which is counted as one discharge day).

E**Education and General Funds**

The portion of the OHSU budget that is devoted to instructional and support services for students and faculty, including managerial and administrative functions needed to provide the services.

Ethnic or Racial CategoriesStudents

Ethnic or racial categories are self-identification items in which students choose the categories with which they most closely identify. The ethnic or racial group categories reported for OHSU students are defined by the United States Census Bureau and the Federal Office of Management and Budget (OMB). Those racial categories reported for students are listed on the federal IPEDS reports (effective Fall 2009) as: American Indian/Alaska Native; Asian; Black/African American; Native Hawaiian or Other Pacific Islander; Two or more races; and White (including people of European and Middle Eastern origins). In addition, student ethnicity is categorized as either Hispanic/Latino or Not Hispanic/Latino. Students who decline to respond are listed in the "unreported" category. These ethnic and racial categories do not include foreign students.

Employees

The ethnic or racial group categories reported for OHSU employees are defined by the United States Department of Education, Census Bureau and the Federal Office of Management and Budget (OMB): The Equal Employment Opportunity Commission of the US Department of Labor (EEO) requires employers to report various information about their employees, in particular, their racial/ethnic categories to prevent discrimination based on race/ethnicity. The racial categories include: American Indian/Alaska Native; Asian; Black or African American; Native Hawaiian or Other Pacific Islander; Two or more; and White. The ethnic categories are Hispanic/Latino or Not Hispanic/Latino. These racial and ethnic categories are self-identification data items in which employees choose the categories with which they most closely identify. These categories include employees who are not citizens of the United States but have permanent residency status or a temporary work permit or visa.

Enrollment

OHSU, like all other higher education institutions, uses several different definitions in counting enrollment. The various definitions serve different purposes: budget preparation, workload evaluation, federal reporting, single-point snapshots, and description of OHSU's provision of educational services.

Student Headcount Enrollment

Headcount enrollment represents the number of individual students enrolled in credit courses, regardless of course load. Historical enrollment has generally been expressed in terms of fall headcount. National comparisons of enrollment are most often made on the basis of fall headcount.

F

Faculty

At OHSU, the Faculty comprise three series: OHSU faculty series and ranks are designed to promote consistency of policy and practice for faculty appointments in the schools, other academic units, and free-standing research centers and institutes.

- 1) Professorial Series:
 - Assistant Professor
 - Associate Professor
 - Professor
- 2) Instructional Series:
 - Lecturer
 - Instructor
- 3) Research Series:
 - Research Assistant Professor
 - Research Associate Professor
 - Research Professor

Faculty Rank Modifiers:

- A. Adjunct: A prefix to academic rank for qualified individuals who may be employed by OHSU to teach part-time or intermittently but have professions or employment elsewhere.
- B. Provisional: A suffix to faculty rank of Associate Professor or Professor to denote a faculty appointment pending action by the appropriate promotion and tenure committee.
- C. Visiting: A prefix to faculty rank for individuals who are temporarily appointed to the faculty or who are on leave from another university or college.
- D. Emeritus: An honorary title for a retired faculty member recognizing distinguished past service to OHSU.

Faculty in the Clinical Series teach OHSU students/trainees in community settings on a voluntary basis. These faculty are called Clinical Series for Community-based Faculty.

- Clinical Instructor
- Clinical Assistant Professor
- Clinical Associate Professor
- Clinical Professor

Fellow (Graduate Medical Education)

An individual who has graduated medical school, completed a core residency and is pursuing further subspecialty training.

G

Grade Point Average (GPA)

Average grade based on a pre-defined scale (for example 0 to 4 points, where A=4, B=3, C=2, D=1, F=0). The undergraduate GPA is one factor used in student application and admissions processes.

Graduation Rate

Reflects the percentage of an entering cohort of students who complete a degree within a specified length of time. The common national practice used for baccalaureate completion is to report the percentage of the entering students who complete a bachelor's degree within 150% of the published time.

Graduate Record Examination (GRE)

The Graduate Record Examinations (GRE) is a standardized test that is an admissions requirement for most graduate schools in the United States. It is created and administered by Educational Testing Service.

H**Hospital Occupancy Rate**

The number of inpatient hospital beds occupied in census units divided by the number of available census beds. It serves as a measure of health facility inpatient use.

House Officer (Graduate Medical Education)

Term used to describe all postgraduate trainees (individuals who have graduated medical school). The term includes interns, residents and fellows.

I**Industry Sponsored Research Agreements**

An Industry-Sponsored Research Agreement (SRA) is a contract through which an industry partner funds an OHSU-initiated project. SRAs cover projects funded by industry and must be consistent with and support the academic, research and/or healthcare mission of OHSU. SRAs typically govern the scope of work, budget, payment obligations and timing, options to license any intellectual property arising from completion of the research, publication of results, and other important items to complete a research project.

Inpatient

A patient who is admitted to a hospital as an inpatient for treatment that typically requires an overnight stay. This includes inpatient hospice stays.

Intern (Graduate Medical Education)

An individual who has graduated medical school and is in their first year of a postgraduate training program.

Invention Disclosures

Official disclosure forms received by OHSU's Office of Technology Transfer describing potential new intellectual property and/or inventions.

IPEDS

Integrated Postsecondary Education Data System, part of a series of reports collected annually by the National Center for Educational Statistics (NCES).

L**Length of Stay (LOS)**

The total number of days between the inpatient admission and discharge dates for each inpatient.

License/Option Agreements

A LICENSE AGREEMENT formalizes the transfer of intellectual property between two parties, where the owner of the intellectual property (licensor) permits the other party (licensee) to share the rights to use the intellectual property. An OPTION AGREEMENT grants the potential licensee a time period during which it may evaluate the intellectual property and negotiate the terms of a LICENSE AGREEMENT. An OPTION AGREEMENT is not constituted by an Option clause in a research agreement that grants rights to future inventions, until an actual invention has occurred that is subject to that Option.

M

Medical College Admission Test (MCAT)

The Medical College Admission Test (MCAT) is required of all applicants to US Medical Schools, administered by the American Association of Medical Colleges.

N

Newborn

An infant, born alive in the hospital.

Nonresident

The fee status category of students who are assessed nonresident tuition.

O

Observation

Patients entering the hospital through the Emergency Department or as a direct admission or transfer, typically for “rule out” diagnoses or symptom management. Observation is not for overnight recovery following an ambulatory surgery or procedure.

Office Visit

A visit that includes an Evaluation and Management service that is typically charged for. Examples include office visits, consultations, and post-op appointments.

ONA

OHSU members of the Association of University Registered Nurses (AURN) of the Oregon Nurses Association (ONA). Registered nurses providing patient care in the hospital and clinic settings of OHSU are ONA-represented.

Oregon Opportunity Grant

The Oregon Opportunity Grant is a state-funded, need-based grant available to undergraduates that attend an eligible Oregon postsecondary institution and meet the income eligibility requirements. OHSU's undergraduate Nursing and Radiation Therapy programs are eligible programs.

Outpatient

A patient who is admitted to a hospital or clinic for treatment that does not require an overnight stay.

Outpatient Visits

Includes emergency room visits, outpatient clinic visits, referred ancillary service visits, home health care contacts, and day care days, where the outpatient is treated and released the same day. Also included are outpatient ambulatory surgery visits, renal dialysis visits, observation care visits, psychiatric visits, chemical dependency visits, hospice outpatient visits, and adult day health care visits, and virtual or telephone visits.

P

Pell Grant

The Pell Grant is a federal, need-based grant available to undergraduates that attend a postsecondary institution and meet the income eligibility requirements. OHSU's undergraduate Nursing and Radiation Therapy programs are eligible programs.

R

Resident

The fee status category of students who are assessed resident tuition.

Resident (Graduate Medical Education)

An individual who has graduated medical school and is in a postgraduate residency training program.

S

Sponsored Research Dollars

This includes externally sponsored research activity funded by Federal and non-Federal government agencies, private and non-profit organizations. This also includes research training activities geared toward training individuals in research techniques.

T

Tuition

The mandatory charge for instruction assessed to students for enrolling in an OHSU academic course.

U

Underrepresented Race/Ethnicity

Any ethnic or racial group whose representation is disproportionately less in a given context relative to their numbers in the general population constitutes an underrepresented race/ethnicity group.

For students, OHSU defines underrepresented race/ethnicity based on race/ethnicity groups underrepresented in medicine, dentistry and nursing professions. Students self-identifying with at least one of the following groups are included:

American Indian or Alaska Native

Underrepresented Asian (Korean, Vietnamese)

Black or African American

Native Hawaiian or Other Pacific Islander

Two or more races (with at least one race classified as underrepresented)

Hispanic or Latino Ethnicity

U.S. Nonresident

A student who is neither a U.S. citizen nor a resident alien (i.e., permanent resident) and holds a student visa.
